We will sell all our dress ginghams at 8½c.; worth 12½c. People's Store.

Drink Jackson's Napa Soda for the kidneys.

LOCALETTES.

A BLOCK OF MAIN STREET TO BE PAVED VERY SOON.

The Rainfall for the Entire Storm—Further Particulars About the Wednesday-Night Fire—Matters of Minor Mention.

It has heretofore been maintained by the city authorities that Council had no power to compel citizens to pave the streets in front of their property, and upon this assumption the streets have been surrendered to the weather's will, which, during the rainy seasons, has been anything but sweet. The traveler has not been in danger of being stuck and drowned here as he used to be in Kansas City, but almost all other terrors that boundless mud could offer pressed upon him during the few weeks in each year when there is mud in Los Angeles. Within a year there has been a little sporadic paving done. A stretch of asphalt 30 feet wide was laid along the 120-foot frontage of the "City Hole," corner Spring and Second—then the property of the city. This piece has "stood the racket" handsomely. Since then the owners of the Temple block had the same sort of pavement laid the length of the block on Main, Spring and Market streets, 30 feet wide in each case. The county had its half of Court street finished in the same manner. Most of this pavement has also done well. There are a few breaks, but the whole is kept in repair by the makers for 18 months at their own expense. This comprises the extent of street paving in Los Angeles thus far.

Under the new dispensation, however, there is a cheerful prospect of immediate improvement. City Attorney Daly holds that the city charter does not conflict with the State Constitution, but gives all possible power to Council to compel the paving of streets. He holds that the San Francisco decision, upon which the whole matter has been supposed to hang, affected only San Francisco, and not Los Angeles at all, the charters of the two cities being radically different. The Los Angeles charter provides that when Council orders the property-owners on a certain street to pave in front of their properties, it requires a remonstrance signed by *two-thirds* of the property-holders to forbid the work. If less than that proportion remonstrate, Council can have the work pushed ahead, and make the property-owners pay.

On this basis, Council has decided to order the paving of Main street, from First to Second, clear across. Some time ago all the property-owners concerned, except two or three, had consented to pave. The material will be asphaltum, and plans and specifications are being prepared by the City Surveyor. The necessary legal publication, notice, time for remonstance, advertising for bids, etc., will consume time, so that work cannot begin probably within less than sixty days, but the matter is to be pushed as vigorously as may be.

THE RAIN.

A Slight Disagreement as to the Storm's Total.

The rain is apparently over, having done the extremely fair thing by Los Angeles county, as indeed by all the rest of Southern California. There was a little rain night before last, since which the weather has been fair to clear, with much appreciated sunshine. There is a disagreement of doctors over the total amount of the rainfall for this storm, citizen amateurs putting a heavy raise on the figures of the government observatory. O. H. Bliss gives the total for the storm at 4.65 inches, but Uncle Sam reckons it much less. Following is a summary of the daily record furnished by the United States Signal Service: The storm began Saturday afternoon, and up to 7:07 that evening the precipitation was .36; for the next 48 hours, or up to 7:07 Monday night, it was 1.15; for the 24 hours ending at 7:07 Tuesday night it was .33; for the 24 hours ending at 7:07 Wednesday night it was 1.85; and Wednesday night's rain was .09; total for the storm, 3.78.

AT FAIR OAKS.

The rainfall at Hon. J. F. Crank's place, "Fair Oaks," was 5.35 inches for the present storm from Saturday morning until 5 a.m. Thursday. The rain-gauge used was a government one recently from Washington.

AT MONROVIA,

the Boss Foothill Colony, which always gets the best and plenty of it—except reasonable treatment from Postmaster-General Vilas—the total for the storm was 5.48.

The fall at Lancaster, in the Antelope Valley, which is on the other side of the mountains, was 2¼ inches.

WEDNESDAY'S FIRE.

Further Particulars as to Amount of Insurance.

It is stated that the disastrous fire in the Schmidt block Wednesday night was caused by an employé in Knoch's printing office, who pushed a lamp off the table while reading a letter.

The following amounts of policies are held on property involved in the fire: Dobinson & Fairchild, agents, representing the London, the Northern and Connecticut Insurance Companies, have $4800 on building, $1200 on carriages and wagons belonging to Mr. Schmidt, and $1500 on printing office belonging to Ulrich Knoch. Kremer & Meizer, agents, have $900 on Fred Hains's saloon stock and fixtures in the North American, and have settled a nominal loss for $50. The Southern California Company hold risk on Knoch's printing establishment of $1500, and on Templeton's printing concern $1450. Think the probable loss will be $300.

G. L. McLellan, agent for the Phœnix of London, a $2000 risk on Gilchrist's fixtures, machinery and printing stock, and for the Commercial of California, $1500 on same.

The adjusters were at work yesterday all day adjusting the losses. Building will be heavily damaged, and the printing offices also, but the rolling stock in the next room north was only soiled by water and smoke. It is commonly agreed that the fire came from the heating stove.

A Picture of Monrovia.

E. S. Moore has drawn, and Britton & Rey, of San Francisco, have lithographed an extremely pretty panorama of the wonder-town of Monrovia, which was founded May 17, 1886, and is already a flourishing town with an elegant hotel, a newspaper, stores, churches, fine residences and all the other modern improvements. The lithograph gives a bird's-eye view of the town nestled at the base of the Sierra Madre, and individual pictures of the following buildings: The Grand View Hotel, Methodist Church, Baptist Church, Monroe & Pile block, Badeau block, Pioneer livery and feed stable, Beer's bakery, Monrovia Planet building, Stewart & Perham building, residences of W. N. Monroe, Hon. E. F. Spence, Gen. W. A. Pile and C. O. Monroe. The whole is a very attractive piece of work and does credit to the artist.

A New Building Association.

A meeting was held yesterday evening in the Council Chamber for the purpose of organizing an additional building and loan association. Dr. Joseph Kurtz was elected president, after which Mr. A. Willhartitz and Judge Louis Gottschalk explained the purposes and modus operandi of such societies. Mr. Willhartitz was selected as secretary.

The name of "Columbia Loan and Building Association of Los Angeles, Cal.," was adopted. A draft for articles of incorporation was presented, taken up seriatim and adopted. The gentlemen present signed for 165 shares at $200, the total amount of $33,000. The following nine directors were then elected: Dr. J. Kurtz, Louis Gottschalk, W. F. Bosbyshell, J. C. Oliver, L. Lichtenberger, C. B. Pironi, Charles L. Strange, J. J. Schallert and A. Willhartitz.

A circular prepared by the latter was read and ordered printed for distribution among the friends of the cause. Judge Gottschalk was selected to prepare the articles of incorporation, and the meeting adjourned subject to the call of the chairman.

Sheriff Kays's Case.

Sheriff James C. Kays says, with reference to the cost of boarding county prisoners, that it is now about the only support of the Sheriff. The salaries allowed county officials here are those of a fifth-class county; while, as every one knows, the county is really full second class. He says the pay of the Sheriff might still be adequate if the county had been in every point at a standstill since 1880, whereas the business of the office has increased four fold. Formerly the fees went to the Sheriff, and increase of business brought increase of wherewithal; but now all fees are turned over to the county, the Sheriff gets a fixed salary, and has to pay all the expenses himself.

More Opium Fiends.

Two or three days ago two men were arrested and imprisoned, charged with the opium habit, and are still detained at the city jail. Last night at about 8 o'clock Walter Bell appeared and asked to see one of the prisoners alluded to. Capt. Tyler, of the force, went with him to the cell. Bell said he wanted to give the prisoner some cigarettes, and in doing so, was about to convey morphine with them, but the officer snatched it from him and placed him under arrest. The instruments for injecting the drug were found upon his person also.

A Sad Case.

The well-dressed lad mentioned in yesterday's TIMES as taken in for drunkenness came up before the Mayor yesterday, and was compassionately discharged. He gave the name of Pennypacker, and is said to be related to W. S. Moore. He is only about 17 years old.

BRIEFS.

The Burns concert tonight.

Congregational social tonight.

Pomona holds her incorporation election tomorrow.

The Eureka sails north today, and the Santa Rosa south tomorrow.

Charles White, burglary, will have a hearing in Judge Cheney's court today.

A marriage license was issued yesterday to Joseph Jensen and Vallie M. Case.

George Alley was arrested for dumping manure on the river bottom yesterday.

J. C. Bowen, of East Los Angeles, has lost a small bay mare, a gray and a brown horse.

Rev. E. Schreiber continues tonight his interesting course of lectures at the Synagogue.

E. A. Weed's East Los Angeles paper, the East-Side Champion, is due as a debutante tomorrow.

The City Attorney and his coadjutors are working every night till midnight on the revision of the charter.

Another of Arthur May Knapp's valuable lectures on art will be given at 2 p.m., today, at I. O. G. T. Hall.

Alphabetic lists of the three Raymond excursions now headed for this city will be found on the second page.

The St. Paul's Philharmonic Society will give its fifth concert on the evening of the 22d. The programme is attractive.

The fifteenth annual masquerade ball of the Turnverein Germania, tomorrow evening, is expected to be a grand affair.

The St. Agnes Guild will give an interesting social entertainment at the Epiphany Mission, East Los Angeles, this evening.

S. E. Douglas, for violating the fire ordinance, was brought to police quarters yesterday, and left $250 on deposit and regained his liberty.

The unsightly fence around the southern part of the old St. Vincent square has been removed, and the ground is being broken for buildings.

The Illinois Association holds its postponed social in I. O. G. T. Hall tomorrow evening. The social "Suckers" always have a good time.

The Voice of Masonry will not appear until February 19th, the fire on Los Angeles street destroying the forms, Masonic cuts, and matter for the issue of the 12th inst.

Advices from San Pedro state that the four men first supposed to have been lost from the ship America when she went adrift were found on board the Kennebec, all safe.

THE TIMES is in receipt of tickets to the grand Charity Ball, to be given by the Ladies' Benevolent Society, February 17th, at Mott Hall. It will be the "swell" ball of the season.

Frederick B. Kupper, a glassmaker, now at 746 San Fernando street, says that flint fruit jars can be made profitably here, and can give figures to those desirous of investigating the matter.

A superb specimen of rich silver ore, from Mr. Stainburn's mines, near Twenty-nine Palms, is shown at Flannagan & Cuddy's, opposite the Baker block. It is one of the finest pieces ever brought here.

The Pico House will give a grand banquet on the 24th, in honor of the State Encampment, G. A. R. Twenty-five extra waiters have been procured through the White Cooks, Waiters and Employés' Protective Union.

One of the Harper & Reynolds Company truck horses broke its leg at the corner of Los Angeles and Alameda streets, by stepping into a hole, and was shot by Officer Bosqui. The animal was worth $250, and the city will probably have to pay for it.

There are undelivered telegrams at 17 North Main street for Isabel Russell, Messrs. Brooks & Steine, Gen. Calt, agent King Bridge Company; R. M. and E. Baker, Mrs. S. C. Brown, Mrs. H. Hart, Mrs. L. Wezber, C. F. Swan, J. H. Porter (care Mrs. Kent), Col. H. G. Heffron, F. M. Parker, D. F. Donegan, J. L. Armstrong.

C. C. C.

THE CO-OPERATIVE COLONISTS STILL STIRRING.

They Tackle Various Obstacles, and "Down" Them in Good Shape—They Are Confident and Very Much in Earnest.

According to announcement in THE TIMES, there was another meeting of the projectors of the California Coöperative Colony at the Board of Trade Hall last evening.

The meeting was called to order by Chairman Rice at 7:15 p.m., and there being less than half the enrolled members present, a resolution was called for, presented and passed lowering the number constituting a business quorum to meet the demands of the occasion, and business proceeded. The minutes of the last meeting were read, corrected and laid over. At the close of the reading the room was full, about eighty persons being present. An attempt to carry out a former resolution to meet in executive session was not sustained, and outside persons were asked to remain.

The Committee on Legality of the Proposed Plan reported in relation to limiting the vote of each person to one ballot, irrespective of the number of shares owned; that as a corporation the law required the vote of members to be determined by the integral shares of stock that members possess or represent by proxy, and no restriction as to the disposal of shares of stock by members would be constitutional. But that a corporation, after stating the amount of stock, can fix once and forever the number of membership certificates which are indivisible and are not to be influenced by a greater or less amount of monied interest; and in this way only could the object desired by the colony be obtained, and one person have but one vote.

Another error in the bylaws already prepared for use after becoming a corporation, is, there is no provision for going out of existence. Mr. Hoyt, of the committee, said the more he studied California laws in relation to corporations, the more disgusted he became with the whole thing. He thought the laws were designedly made to benefit the rich or monied man and freeze out the poor, and there is no plan to keep a rich man in the corporation from absorbing the bulk of the institution. He indorsed the plan of certificate of membership already suggested.

Mr. Stratton addressed the meeting, differing from the committee entirely, declaring that 75 per cent. of Los Angeles lawyers would say the number of shares of stock per capita can be limited under the State law. He referred in particular to a law of 1878. Col. Violet read the new Constitution of 1879, which he alleged rendered null the statute referred to by Mr. Stratton.

The committee's verbal report recommending organization by the membership plan was discussed; several speeches were made favoring an organization by one plan or the other. Mr. Stratton moved to go ahead and organize under general corporation laws. After a vigorous opposition by Mr. Hoyt and others, the motion was lost. It was then unanimously agreed to continue the committee, with instructions to examine and prepare a plan for the organization.

Mr. Hoyt spoke, urging action at once, and moved to adjourn to meet tonight at 7 o'clock. Carried.

Moved and carried to pay the rent for Board of Trade room.

Treasurer's report showed $106.50 paid in and $97.50 still in the treasury.

Further action on uncompleted bylaws was deferred for the present.

The chairman urged the members not to be discouraged over the situation, that there had never been a corporation without trouble of this kind over legal points, and that, without the least doubt whatever, some plan feasible and satisfactory would be devised, adopted and proved, and no one man or set of men could take their lands and homes from them.

The colonists evidently feel pretty good, and are undoubtedly in earnest. There will be an interesting meeting to organize at 7 o'clock tonight.

THE N. C. B.

How the Belters Economize Truth Among Themselves.

Maj. Geo. E. Gard is freshly back from a considerable stay in the North. The arctic terrors of the N. C. B. did not carry him off, nor even chill his cheerful laugh. He managed to keep his sense of humor warm, for there was considerable fuel. He is now able to throw some light on the dark and devious ways of the Northern Quinine Belt.

"Last Saturday a week," says the Major laughing, "I was in Stockton. They were advertising a big immigration meeting, to devise means for enticing tenderfeet from Los Angeles to their lair; and just out of curiosity I went down. They had a big header-wagon out in the square, covered over with apple branches, etc., and an orange stuck on wherever there was room for one. It was fearfully windy, and the first speaker kept his windward eye shut all the time. He went on and bloviated a long time about the superior qualifications of San Joaquin county for citrus fruit. Said he: 'Now Los Angeles county brags about her oranges, but I tell you, you want to be careful of 'em. There's that place Riverside in Los Angeles county, that we hear so much about. I had a friend that went to Riverside and spent all he had to get him an orange orchard. I was down there awhile ago to see him, and he showed me his orchard. It was a very neat-looking orchard, with the ground all fixed up like a flower-bed. But when I came to try his oranges every one of them was rotten at the core! When they send them away they are all rotten by the time they get East, and the boys peddle them on the streets of Chicago for two bits a bushel. Oh, San Joaquin county can raise far better oranges than Riverside or any other place in Los Angeles county.'

"Well," continued the Major, "that's the way they went on.

RAYMOND TOURISTS.

THREE PULLMAN PARTIES COMING TO LOS ANGELES.

And Due Here Tomorrow, Next Tuesday and March 12th Respectively —"The Times'" Exclusive Alphabetic Lists.

Three of Raymond & Whitcomb's first-class Pullman excursions are now on their way from Boston to this city. THE TIMES presents below the exclusive alphabetic lists of each, no other paper in the city having the enterprise to put the lists in workmanlike and convenient shape.

NUMBER ONE.

Number one left Boston February 3d, on a special train via Chicago and Kansas City, and is due here at 3 p.m. tomorrow, February 12th, proceeding at once to the Raymond, where the tourists will spend the winter. The party is in charge of Carroll Hutchins, with Fred B. Cudworth as assistant, and Walter J. Avery in charge of baggage. Following is the list:

Attleboro, Mass.—E. Bacon and wife, Miss I. L. Bacon.

Bangor, Me.—Miss Louise E. Norris.

Boston, Mass.—Miss Alice Amory, Waldo G. Beaman and wife, Mrs. E. W. Cook, Mrs. F. Cunningham, Mrs. Frank O. Dame, Miss Grace T. Dame, A. T. Hartwell, A. Hemenway, wife, child and nurse, Miss H. G. Jellison, Mrs. A. M. Loring, A. J. Moody, Miss Ethel D. Moody, Miss Lizzie A. Moody, Miss E. H. Ober, Miss May P. Ober, Charles H. Pray, Miss Frances Sheafe, Miss Mary H. Sheafe, Wm. Sheafe, G. W. States and wife, Fred P. Virgin.

Buffalo, N. Y.—Miss Helen M. Abell, J. H. Lee and wife, Miss Alice Lee.

Cambridge, Mass.—J. S. Paine and wife, Mrs. George S. Saunders, Miss Mary E. Saunders.

Chelsea, Mass.—Hon. Rufus S. Frost and wife.

Cincinnati, O.—Miss Augusta Harbeson, Miss Sallie Harbeson, Miss Mary T. Harrison, W. H. Harrison and wife, Frank J. Jones.

Concord, N. H.—Mrs. C. E. Hutchins, Mrs. E. P. Schlltz.

Dorcester, Mass.—J. H. Myrick and wife.

East Boston, Mass.—E. D. Leighton and wife, A. M. Morton and wife.

Elgin, Ill.—Mrs. Mary E. Carpenter.

Elmira, N. Y.—W. N. Eastabrook and wife, J. M. Shoemaker.

Germantown, Pa.—Miss A. Warden, Miss M. Warden.

Halifax, N. S.—L. F. Darling.

Hartford, Conn.—Miss Julia A. Graves.

Haverhill, Mass.—J. H. Winchell and wife.

New Haven, Conn.—Mrs. Phœbe C. Demarest.

New York, N. Y.—John B. Baker and wife, Miss Lucy Davis, Thomas Green and wife, Miss Blanche Johnson.

Newtonville, Mass.—Mrs. A. B. Tainter.

North Cambridge, Mass.—J. Walter Fewkes.

Philadelphia, Pa.—Mrs. James Bonbright and maid, Miss L. B. Bonbright, Mrs. H. J. Huey.

Pittsburgh, Pa.—Miss Sallie Arbuthnot, Mrs. Martha E. Frew.

Randolph, Mass.—J. W. Pratt and wife, Miss Mary E. Pratt.

South Boston, Mass.—Mrs. J. S. Nickerson, Miss G. E. Nickerson, Miss I. J. Nickerson.

Walpole, Mass.—W. C. Pray.

Woburn, Mass.—J. D. Gilman and wife.

NUMBER TWO

left Boston January 31st and is due here at noon next Tuesday, February 15th. It is in charge of Coolidge Barnard, of Dorchester, Mass., assisted by Fred W. Snow, of Chelsea, Mass. Following is the alphabetic list:

Blackstone, Mass.—W. O. Burdon.

Boston, Mass.—David Connery and wife, David W. Lewis and wife, Mrs. S. R. Ranney, William R. Holm.

Brockton, Mass.—Mrs. Lyman Clark, W. L. Field and wife, R. P. Kingman and wife, E. O. Noyes and wife, E. S. Oliver, Sanford Winter and wife.

Brookline, Mass.—Charles H. Stearns and wife.

Brooklyn, N. Y.—Mrs. John A. Richardson.

Buffalo, N. Y.—Mrs. A. H. Moulthrop, Miss Julia T. Sherman.

Cambridge, Mass.—E. H. Luke and wife.

Dorchester, Mass.—L. Covington and wife, Mrs. Gustavus Jackson.

Gloucester, Mass.—Mrs. A. M. Lane.

Grand Rapids, Mich.—Mrs. S. H. Cobb.

Hartford, Conn.—Charles R. Hart and wife, Miss Edith W. Hart.

Medford, Mass.—Philip Hervey.

Salem, Mass.—F. W. Perkins and wife.

Springfield, Mass.—Hon. Everson Wright.

St. Paul, Minn.—George H. Ranney and wife.

Toronto, Can.—David Walker.

West Newton, Mass.—E. E. Burdon.

Whitman, Mass.—William L. Reed.

NUMBER THREE

left Boston on the same date as No. 2, but parted company with it at El Paso and proceeded to the City of Mexico. It will arrive in this city at noon, March 12th, and proceed at once to the Raymond for the winter. It is in charge of C. H. Wilson and H. H. Fullam, of Boston, with Manuel Riveroll, of El Paso, as interpreter. A. F. Stewart is conductor of the dining-car Ponce de Leon, R. E. Winsett assistant conductor of dining and hotel cars, A. N. Ackley conductor of dining-car Raymond, and R. H. Myrick his assistant. Following is the alphabetic list of the party:

Berkeley, Cal.—Mrs. John Corning.

Boston, Mass.—B. F. Jaquith and wife, Mrs. C. H. Wilson.

Brooklyn, N. Y.—J. H. Bates and wife, Miss Betty Bates, Miss Mary D. Bates, Miss M. Roughtaling.

Buffalo, N. Y.—Mrs. M. Bowen.

Cincinnati, O.—George S. Stearns and wife.

Great Barrington, Mass.—J. H. C. Church, Mrs. R. F. Coffing.

Hartford, Ct.—Miss Lucy A. Brainard.

Jersey City, N. J.—R. C. Washburn and wife.

Lexington, Mass.—Charles Putnam, Miss Lucy A. Putnam.

Lowell, Mass.—Charles Runels and wife, George Runels and wife.

Lynn, Mass.—A. B. Drown and wife, A. F. Smith and wife, Miss Ella F. Smith.

Medford, Mass.—Miss Lillian F. Briggs, Daniel W. Lawrence, R. B. Lawrence, Miss Rita S. Smith.

Naugatuck, Ct.—B. B. Tuttle and wife.

Newton, Mass.—G. Fred Simpson and wife.

New York, N. Y.—Robert Willets and wife, A. S. Wright.

Norwich, Ct.—T. D. Sayles and wife, Miss Etta Sayles, Miss Lucy Sayles.

Pawtucket, R. I.—Miss R. L. Davis, W. F. Sayles and servant.

Philadelphia, Pa.—Benjamin D. Gardiner, Miss E. M. Hacker, Paschal Hacker, R. W. Ryers.

Providence, R. I.—Miss Natalie Bush, Mrs. E. C. Mauran, Miss A. D. Mauran, Miss M. G. Mauran, Miss C. Richmond.

Washington, D. C.—Dr. Otis F. Presbrey and wife.

Waterville, Me.—Miss Carrie E. Healy.

Worcester, Mass.—John T. Perry.

Monrovia Excursion.

The first grand excursion to Monrovia will leave the Los Angeles and San Gabriel Valley depot at 9 a.m. on Monday, February 14, 1887. All are promised a delightful trip, all they can eat of the delicious fruits of Monrovia and vicinity, besides a splendid free lunch; all for $1, including round trip tickets good for three days. Come all and have a good time. No auction, no real-estate sales.

OF INTEREST TO FRUIT MEN.

Latest Special Fruit Circular of the C. S. R. R.

The following important circular issued by the California Southern Railroad, will be found of interest to all fruit growers and shippers:

CALIFORNIA SOUTHERN RAILROAD CO.
OFFICE GENERAL FREIGHT AGENT,
SAN DIEGO (Cal.), Feb. 5, 1887.

SPECIAL FRUIT CIRCULAR—IMPORTANT.

To Shippers: Until otherwise advised, special fruit trains will leave Los Angeles for Eastern points, via the California Southern, Atlantic and Pacific, and Atchison, Topeka and Santa Fé railroads, on Wednesdays and Saturdays at 8:30 p.m. sharp. The distance by the above lines being the shortest, we are enabled to make the schedule time for these special fruit trains, to the Missouri River a trifle over four days, thus enabling consignees at the river to receive their fruit, if necessary, before daylight on Monday and Thursday mornings.

Arrangements have been perfected with connections at the Missouri River to distribute all cars destined to points east thereof, with the utmost care and dispatch.

A man will accompany each train as far east as the Missouri River to attend to the proper ventilation of cars, subject to the approval of the conductor.

Until April 1st all ventilators will be closed at the Missouri River, unless specially ordered otherwise by shipper in writing.

We call your attention to the well known and superior Tiffany cars, which we are now running. These are the most perfect cars yet designed for protection against heat and cold; they will be run during the first night with at least two ice plugs out of each car, and hatches open for ventilation; at Albuquerque and La Junta side doors will be opened during stop, except such cars as may have passed through cold storage process. Shippers will be required to see that ice plugs are in place before loading cars.

Shippers desiring to avail themselves of the cooling process at Riverside, and having their fruit or vegetables transported at uniform temperature to destination, can do so without any other extra expense than the nominal switching charge of $8 per car to Riverside and return, in addition to the charges made by the Interocean Cold Storage and Shipping Company for cooling. Shippers must notify agents of their wish to have cars cooled at Riverside. Fruit or vegetables to be cooled at Riverside can be loaded in any style of car to Riverside; from there they go east in Tiffany cars.

In order to make connection with these special trains, it will be necessary for fruit from points on the San Diego Division of the Southern Pacific Company to go into Los Angeles on the days above mentioned, on train No. 18, leaving Santa Ana at 2:30 o'clock p.m. From points on the San Gabriel Valley Railroad, on train No. 14, leaving Duarte at 12 o'clock m. From points on the Riverside, Los Angeles and San Diego Railroad, on train No. 15, engine leaving Arlington at 5 o'clock p.m. From points in Los Angeles proper, cars must be ready for switching by 6 o'clock p.m., but shipping instructions must be in the hands of the car accountant before 4:45 o'clock p.m. From points between Los Angeles and San Bernardino (the latter included), cars will be picked up by special fruit train while en route. We trust that shippers will make their arrangements for prompt loading of cars, as neither local nor through trains can be held for cars not ready at time specified above.

Rates on oranges and lemons, in carloads of 20,000 pounds or more, from Los Angeles to Eastern points, will also apply from all orange shipping points in Southern California.

On and after February 10th oranges by passenger trains will take double present freight train rates.

We guarantee to do all in our power for the safe and quick delivery of fruit, fully realizing that our interests are mutual with yours.

WM. DUNN,
General Agent, 239 North Main street, Los Angeles, Cal.
W. A. PERRY,
Traveling Agent.
H. B. WILKINS,
General Freight Agent.

New Building Association.

The Southern California Building and Loan Association was organized on Wednesday night at the Locomotive Engineers' Hall. A constitution and bylaws were adopted and the following directors elected, who will meet tonight to elect officers and complete the organization: J. A. Muir, George Gregg, J. Lockwood, W. Devereaux, J. Schafer, C. E. Doniton, H. T. Hazard, R. W. Kelley and J. H. Martin. The idea of the association is to make it a mutual benefit institution and induce laboring men to lead thrifty lives and save their means.

Board of Supervisors.

THURSDAY, Feb. 10.

Board met pursuant to adjournment.

A hearing was given to Mrs. A. B. de Baker on her protest against opening a road across Laguna ranch, as requested in the petition of H. L. Macnell and others. The petitioners were also heard, and the matter referred to the District Attorney for opinion as to law questions involved.

The time for hearing the reports on the Trabuco and Santa Ana road was continued until March 10th.

Adjourned until February 11th, at 10 a.m.

A Lively Vine.

At the northwest corner of Fourth and Olive streets may be seen a young shoot of grapevine four inches long with fully spread leaves and a bunch of bloom among the leaves at the top of the shoots. Not bad for the 10th of February. It is by the side of the sidewalk, on a paling—no wall protection.

Julian Mines.

[San Diego Sun.]

Nine tons of ledge croppings from the Desert View mine, of the Julian mining district, reduced at the Stonewall mill lately, averaged $27 a ton. This is considered pretty good for a new find. The existence of the ledge has been suspected for some time past, but being difficult of access no attempt was made to open it until quite recently. McConnaughy & Son's stage line is now running through to the Stonewall mine via Julian, carrying United States mail, express and passengers. Capitalists are quietly looking up mining properties, and it is said are quick to purchase when opportunity offers, even for small investments.

Eastern Prices Have Come to Stay

At McDonell's Drug Store, 271 N Main st. The enormous profits once realized by the drug trade are a thing of the past. We sell our goods at genuine Eastern prices. For instance, we will sell you one pound best gum camphor for 25c, regular price 60c; Colgate's Cashmere Boquet soap, 25c per cake, regular price 35c; Hoyt's German Cologne, 15c, regular price 25c; Warner's Kidney and Liver Cure, $1 per bottle, regular price $1.25, and all other goods at Eastern prices. Prescriptions compounded at the new schedule of prices. Remember, McDONELL, the Druggist, Rose block.

A Handsome Speculation

Can be made by any one who will purchase a quarter-section of fine land near this city at $100 per acre. A rare bargain, but must be taken at once. Terms easy. Investigate. Los Angeles Immigration Land Company, 330 North Main street, Pico House block.

All parties concerned in planting shrubbery, roses, etc., are specially requested to visit Leigh Overman's Nursery Depot, corner Temple and Fort streets, where they will find not only the largest variety of roses in Southern California, but an endless variety of choicest shrubbery, clematis, etc., to select from.

Elsie Reynolds holds religious services and spirit materialization on Wednesday, Friday and Sunday evenings, 355 South Spring street.

Napa Soda is an invigorating tonic.

Medical.

CATARRH

CONSUMPTION,

ASTHMA and BRONCHITIS,

Treated specially and successfully by

W. N. DAVIS, M.D.,

45½ N. SPRING STREET,

Los Angeles, : : : California.

MEDICAL INHALATION COMBINED WITH CONSTITUTIONAL REMEDIES.

My treatment of the diseases of the respiratory passages consists in the employment of Medical Inhalation, for its direct effects on the diseased organs; and, at the same time, adopting such hygienic measures, and administering such medicines by the stomach as will most effectually purify the blood, give tone to the nervous system, and build up and strengthen the general constitution. In other words, I employ combined local and general treatment.

What is Medical Inhalation? Before stating briefly what Medical Inhalation is, I propose, in as few words as possible, to state clearly what it is not.

Medical Inhalation is not a cure-all, a nostrum, or a panacea. It is not a Specific Remedy for any disease. It is not a quack medicine, advertised to cure any or all the ills that flesh is heir to, and intended to fill the pockets of its proprietors. It is not a talisman, whose possession insures health to its possessor, without the intervention of either sense or judgment. Medical Inhalation is none of these things.

Medical Inhalation is simply and solely a method of taking medicines by inhaling or breathing them into the lungs, instead of swallowing them into the stomach. By Inhalation, the proper medicines are applied directly to the seat of the disease, in the nose, throat or lungs; and it is clear to every reasoning person how peculiarly applicable Inhalation is in the disorders of the organs named. If you have scalded or burned the surface of the body, or wounded any limb or member, you do not swallow the remedy intended to heal the disorganized tissue. On the contrary, you apply it directly to the seat of the wound or injury. Why, then, when suffering from catarrh of the nasal passages or throat, or afflicted with ulceration of the lungs, should you rely on medicines taken into the stomach?

Medical inhalation not only applies the proper healing remedies to the seat of the disease, but it applies the remedy in the gaseous or vaporous form, in which form, as is well known, medicines act most powerfully. How much greater, for example, is the effect of a drachm of chloroform, when inhaled or breathed, than many times the quantity when swallowed into the stomach. The same is true of chlorine, of iodine, and of many other substances. By inhalation the medicine is not poured into the stomach, and thence sent wandering through the system in search of a malady, which may be mainly or entirely a local one; but by this method the proper remedy is applied directly to the diseased organ. Who, after studying the anatomy of the lungs, can doubt that in inflammation and ulceration of the air-tubes and air-cells, the direct application of the healing medicine by inhalation to the diseased parts, is the correct and rational method of treatment? Who, on the other hand, can be so irrational as to believe that the proper and direct way to reach the diseased surfaces of the air-passages, in this case, is by the way of the stomach? Physiology teaches us that the membrane, or skin, lining the air-passages of the nose, throat and lungs, is only a slightly modified form of the same structure as that which covers the external surface of the body. Why, then, should local treatment be proper and necessary for inflammations, congestions and ulcerations of the one and not be equally so in the case of the other?

My experience and success in treating diseases of the nose, throat and lungs, demonstrates, beyond all question, that the true scientific treatment of these diseases is that treatment which combines the local effects of medical inhalation with the constitutional effects of systemic remedies, given in the usual way by the stomach. One or both methods must be adopted as the circumstances demand, and such remedies must be employed as the experience and judgment of the physician have proved to be proper in each particular case.

MEDICAL ADVOCATES OF INHALATION.

Physicians who were educated twenty years ago or more, and who have not kept up with the times in the advance in medical science, have very little idea of the great importance all leading medical writers now give to Medical Inhalation in the treatment of pulmonary diseases. To such an extent is this true that no patient should intrust his case to any physician who is not well prepared and thoroughly equipped with everything necessary for the administering of the proper remedies by the method of Inhalation.

The numerous cures effected by Inhalation in cases seemingly past all help, and the uniform success attending its use in diseases of the respiratory organs, renders it obligatory on every honest physician to at once apply himself to gain a practical knowledge of the Inhalation, or, if that is not possible, he is at least bound to decline to treat such cases.

Among the most eminent physicians of the age who are fully awakened to the value of Medical Inhalation in these diseases are the following: The celebrated Dr. Burdon-Sanderson; Dr. La Roche, of the Paris Academy of Medicine; Dr. Frederick Langhaus, of Berlin; Drs. Klebs and Tommasi-Crudeli; Sir Archibald Dickson, of Edinburgh, Scotland; Dr. Eichler, Dr. Cameron, Dr. Gurdon Buck, Prof. Albert Lehert, the celebrated Dr. Hughlings Jackson, the venerable Dr. Robert Dickinson, Prof. Thierfelder, Spencer Wells, Dr. Hilton Flagge, Dr. G. P. Wood, Drs. Fritsch and Hitzig, Dr. Fothergill, Dr. Richard Thompson, Dr. R. S. Carpenter, Drs. Anstie, Ball, Fuller, Lancereaux, Krauss, Huguenie, Heller, Orth, Corrigan, Fenwick and many others. With scarcely a single exception every medical authority of eminence recognizes the wonderful potency of this new method, and the coming generation of physicians are certain to be thoroughly educated therein. At present it is only a few physicians here and there who have made "Diseases of Respiration" a life study that are fitted in any way to employ the wonderful resources of Medical Inhalation in the cure of these diseases.

THE CURABILITY OF CONSUMPTION.

For five years the celebrated Dr. I. H. Bennet was pathologist to the Royal Infirmary of Edinburgh, and in his great work on "Consumption" he makes the following statement: "During this period I made upwards of 2000 post-mortem examinations of persons dying from various diseases, and I was constantly meeting with cases in which I found cavities in the lungs from consumption, which had evidently healed up or cicatrized years before the death of the subject. Nature did not seem to have been successful in restoring the wasted lung-substance, but the cavities were dried up, the progress of the disease arrested, and the subject lived for years, with diminished lung power it is true, but otherwise in good health."

CONSULTATION FREE.

(i. e., for only a few minutes.)

OFFICE HOURS: 9 a.m. to 12:30 p.m., 3 p.m. to 6:30 p.m.
Sundays, 2 to 4 p.m.

THE GRAND EXCURSION!

—TO THE ENCHANTING TOWN OF—

-:-P-O-M-O-N-A-:-

—TO BE CONDUCTED BY THE—

Los Angeles Land Bureau,

A CORPORATION, GEO. W. FRINK, PRESIDENT,

Easton & Eldridge, Auctioneers,

Will leave Los Angeles for that beautiful Garden Spot on the famed Palomares Rancho

On Saturday, February 12, 1887, at 9:10 o'clock A.M.,

STOPPING AT WAY STATIONS ALONG THE ROUTE TO POMONA.

ROUND-TRIP TICKETS, INCLUDING SPLENDID LUNCH AND CARRIAGES, ONLY ONE DOLLAR.

The property to be offered comprises blocks of lots in the above-mentioned beautiful town. Also, villa lots lying between the town and the Sierra Madres, in a belt of country unknown to frosts and harsh winds.

A perfect sanitarium, lying between the Southern Pacific and the Atlantic and Pacific railroads, only three miles apart, affording easy and quick transportation to and from all parts of the State.

Artesian water from inexhaustible wells, thirteen in number, is running all through this fine property.

For further information inquire at the office of

The Pomona Land and Water Company, at Pomona;

Or at the Los Angeles Land Bureau, No. 20 W. First st., between Main and Spring sts.

Real Estate.

A Flourishing Town at the Foothills!

PUENTE!

☞ STOP and see what has been done at this thriving place. It is only 18 miles from Los Angeles. Ten passenger trains pass daily. A nice depot has just been built. A tasty and well-kept hotel is open to the public. Four stores have been built here, several cottages, a livery stable, a blacksmith shop, etc., etc. A brick block is now going up which will contain three business rooms on the first floor and a large music-hall and ante-rooms in the second story. One or two more brick blocks are promised to be built soon. The plans have been adopted for a church, which will be built before spring. A $5000-schoolhouse is soon to be erected. This is fast becoming a business center for the large and beautiful valleys surrounding it. It will be a popular health resort, as it is well protected by the foothills and commands a fine panoramic view of Covina, Azusa, Duarte, Monrovia, Sierra Madre, Pasadena, Raymond Hotel, etc., etc. The Puente oil wells are becoming noted, and are furnishing fuel to many large manufactories in different parts of the State. Why should we not have manufacturing done here and save transportation? The surrounding lands are about to be subdivided into small tracts. Visit Puente and be convinced that this is the place to make good investments. Lots have sold very rapidly, but few are LEFT which can be had at low prices.

☞ PARTIES wishing to see the place will find excellent accommodations at THE HOTEL ROWLAND, Puente, and Mr. SIAS, the proprietor, will take pleasure in furnishing maps and showing the tract. For further information call on the owners,

POMEROY & STIMSON,
At office of Pomeroy & Gates, 16 Court street.

BEAUTIFUL SIERRA MADRE.

FOR SALE AT A GREAT BARGAIN,

If applied for soon, a tract of 31¼ acres in this gem of all the colonies of Southern California. Unrivalled in scenery, plentiful supply of purest, coldest mountain water, no frost, no fogs, no harsh and chilling winds.

FAR BETTER AND CHEAPER THAN ANY PROPERTY, RELATIVELY, IN PASADENA OR RIVERSIDE.

Fine cemented stone reservoir and system of pipes. 400 Washington Navel orange trees, 50 Eureka lemons, 15,000 choice grape, several hundred peach, prune, apricot, etc. Only one mile from railroad—great transcontinental route—and 30 minutes from Los Angeles. Could be advantageously subdivided into many fine residence lots. Must be seen to be appreciated.

For terms and information apply by letter or in person to A. F. KERCHEVAL,
Los Angeles.

Arrangements have been made to furnish in this hotel a table superior in every respect. Address Miss KATE HERRICK. P. O. Box 55.

CARBONATE HILL.

LATEST NEWS FROM VENTURA COUNTY MINES.

A Big and Very Rich Strike Which is Believed to be a Continuation of the Calico Belt—Many Claims Already Located.

The Ventura Free Press of the 8th says:

Messrs. Hampton, Wason, Smith and Halvey returned from the mining regions Saturday evening and bring encouraging reports from that section. Martin Halvey, a mining expert, sent out by a Los Angeles company, gives his opinion about as follows:

"I am a mining man of many years experience and may be called an expert upon the subject. I have visited about all the mining camps on the Pacific slope, Virginia City, Grass Valley, Ivanpah, Calico and many others—and must say that I have never seen anything in my life to compare with these mines discovered by Col. Smith. The whole country seems to be full of gold and there is room for a great many miners. The claims shown me by Col. Smith beat anything I ever saw. I am satisfied that this is a continuation of the Calico belt. I shall return to Los Angeles tomorrow with some specimens of ore I obtained over there and will return to the mines in about two weeks. The company I represent will undoubtedly put in a large mill in a very short time, but I am not prepared to give other particulars at present."

The party located several claims, from which they bring very rich specimens.

About one hundred and fifty men are in the camp now and more coming in every day. J. V. Jesse, surveyor of Santa Maria, has been engaged during the past week in laying off the townsite of Lexington. Several lots have been sold and a lively mining camp will doubtless spring up in a few weeks' time. The town is situated at the northern base of Alamo Mountain, at the junction of the Piru and Lockwood creeks, and cover 640 acres. Pine timber and water are there in abundance, and parties contemplate putting up a sawmill. Miners from all parts of the State are flocking in and soon the camp will boom in earnest.

The country for several miles square contains rich mineral matter and there appears to be room for a great many more claims, several parties having taken up placer claims. A party will leave Ventura some time this week for the mines by trail, and later a four-horse wagon load of provisions, tools, etc., will be sent over. Some of the specimens brought in have been tested and found to be very rich in gold and silver.

The parties who seem to have located the richest claims so far are Messrs. Charles Wason, Col. Smith, J. D. Hampton, Mr. Halvey, W. H. Reilly, and De Moss Bowers.

Since our geological reconnaissance several years ago we have been convinced that somewhere near the head of the Piru creek was a ledge of rich gold quartz from which came the deposits in that stream. We shall not be greatly surprised to learn that the section alluded to yields a wonderfully rich harvest to the miner. Of course no one can fully determine the value of this find until it is scientifically tested, but the experts who have examined the locality each and all claim that it is rich in the precious metals. We do not want people to go there on our recommendation, but we have sufficient faith in it to have a claim recorded and expect to have it worked in due time. We learn that parties who have had much experience in mining will put up a 50-stamp mill soon, and the probabilities are that by the time the rainy season is over there will be several hundreds if not thousands of miners in the new town of Lexington prospecting for gold. If any one interested will call at our office we will show them specimens picked up from the surface of our claim carrying plenty of free gold. But we repeat that the only way to know certainly what it is worth is to have it tested by a competent assayer.

HEADQUARTERS.

Latest Batch of Army Orders Issued Here.

The following special orders have been issued from department headquarters here:

HEADQUARTERS DEPT. OF ARIZONA, LOS ANGELES (Cal.), Feb. 7, 1887.

Special Orders No. 15.

1. The following named officers—Capt. T. C. Lebo, Tenth Cavalry, Capt. H. W. Lawton, Fourth Cavalry, First Lieut. G. L. Scott, Sixth Cavalry—will constitute a board to assemble at Los Angeles, Cal., at 10 o'clock a.m. on Monday, the 14th inst., or as soon thereafter as practicable, for the purpose of inspecting and purchasing cavalry horses for the service of regiments in this department, under instructions conveyed in letter of the chief quartermaster, Division of the Pacific, of July 26, 1886.

The board will be governed by the requirements of paragraphs 293 and 295 of the Regulations, the junior member will act as recorder, and on completion of the duties the board will submit a detailed report of its proceedings.

Capt. J. W. Pullman, assistant quartermaster, is designated for the transaction of all business pertaining to the quartermaster's department under these orders.

Upon completion of their duties the members will return to their proper stations.

The journeys as directed are necessary for the public service.

2. The journeys performed by Maj. W. M. Maynadier, paymaster, from Lamy to Santa Fé, N. M., and return, January 7 and 17, 1887, respectively, making payment to troops on muster of December 31, 1886, were necessary for the public service.

3. A furlough for two months, with permission (by authority from headquarters Division of the Pacific), to leave the limits of the Division, will be granted Musician William Holst, Co. I, Thirteenth Infantry.

4. Recruit Jacob Warner, enlisted at this place, for Co. E, First Infantry, by authority from headquarters Division of the Pacific, will proceed to the station of his company—Angel Island, Cal.

The Quartermaster's Department will furnish the necessary transportation, and the Subsistence Department commutation of rations, in advance, at the prescribed rate, for the necessary number of days, it being impracticable to carry rations of any kind.

By command of Brig.-Gen. Miles:

M. BARBER,
Assistant Adjutant General.

COURT-MARTIAL ORDERS.

General Court-martial Orders No. 9, dated Februaay 5th, approves findings and sentence in case of Thomas Hanley, private Co. D, Tenth Infantry, found guilty of desertion and sentenced to be dishonorably discharged the service of the United States, forfeiting all pay and allowances now due or that may become due, and to be confined at hard labor at such place as the Department Commander may direct for a period of four years.

Gen. Miles adds: "The voluntary return and surrender of this soldier after an absence from his company for a period of nine months, indicate that his offense was not of such depravity that he is beyond the probability of reformation. The sentence is mitigated to 11 months confinement at hard labor, with forfeiture of $10 per month of his pay for the same period."

Clay Pipe.

[Santa Monica Outlook.]

We are glad to announce that William Spencer, father of the junior publisher of the Outlook, has just scored a splendid success at his new clay-pipe works. Some time ago Mr. Spencer discovered a large deposit of clay on Los Alamitos ranch, about two miles from Long Beach. Being a practical worker in clay, he and Mr. John Bixby, the owner of the land, formed a copartnership and at once commenced preparations to manufacture pipe. The complete success of the venture has just been demonstrated. Mr. Spencer was one of the pioneers of Santa Monica, and no doubt the old timers, all of whom are his friends, will be glad to learn of his success.

SANTA MONICA.

Notes from the Lovely City by the Sea.

[Santa Monica Outlook.]

The schooner that has been anchored off "Ballona Harbor" for the past week, discharging piles, rode as safely through the late storm as a duck in a mill-pond.

The ocean ran very high last Saturday night, and the mossgatherers were out in force Sunday marning. A great many beautiful specimens were gathered up.

A large party of Eastern tourists, who came down here the other day, manifested great surprise at seeing the beach well lined with surf-bathers. It was a January scene they had never before witnessed.

Mrs. Bundy has thirty-six varieties of pinks on her premises on Fifth street. Sixteen of these varieties are large double pinks. Some of them are now in bloom, and are very fragrant and beautiful. For a February exhibit, it is pretty good.

Capt. W. H. Wren, who owns five acres of land and a cottage residence on the high ridge beyond the "Mooney Mansion" in South Santa Monica, has sold his property to Mr. Roth, of Chicago, for $4000. Considering the character of the land and the improvements it is cheap.

The old soldiers of the late war, who reside in this community, met last Sunday and organized the John A. Logan Post, No. —, G. A. R., of Santa Monica. H. M. Russell was elected president, and J. J. Mohen secretary. The organization begins with twelve members. A committee was appointed to make the necessary arrangements for a grand muster, when the department staff of the G. A. R. and members of the Los Angeles Post will be present.

It appears to be a mooted question as to what control the Trustees of Santa Monica can exercise over the beach in front of the town limits. It would be a good thing to have that matter settled before the tenting season begins. The local of this paper is not sufficiently versed in legal lore to give an opinion as to the modus operandi needed in the premises. But the corporation has a paid attorney, and it would be the proper thing for him to investiaate the question. If the jurisdiction of the town does not extend to the water's edge, it may be that some method can be suggested to give the Trustees control of the doubtful territory. It is certainly right that an incorporated town ought to be allowed to control its water frontage. The Trustees, should they have control, should not be unreasonably exacting. A moderate space immediately in front of the town should be kept free from tents. That space should be reserved for the thousands of visitors who will come here during the season. A few campers should not be allowed to monopolize the entire beach to the disadvantage of a thousand times their number of people.

LETTERS FROM THE PEOPLE.

Concerning Belts and Things.

LOS ANGELES, Feb. 10.—[To the Editor of THE TIMES.] It has occurred to me this multiplication of citrus belts should be checked if possible, not that I have a word to say against *the* orange that 'Frisco is jubilating over; it was quite likely a genuine tide orange, for the Bulletin affirmed there were "several blossoms on the same tree," so the southern counties, by joint action, should be able and willing to swallow it.

But even the Shasta division of the Northern Belt should take alarm at the reckless manufacture of additional belts out of whole cloth, as vide the following extract from the February Century, the italics being mine, my wonder over which being about evenly divided between the news it contains, the ability of the criticism and its valid connection with the life of Lincoln:

"And Nevada was a name as yet unknown—some future Congressman, innocent of taste and of Spanish, was to hit upon the absurdity of calling that land of silver and cactus, *of the orange* and the sage-hen, the land of snow." U. P. ATREE.

Miserable Mail Service.

[Riverside Press.]

Never before in the history of this country has the mail service been so badly managed as at present. The complaints come from all portions of the United States. We had thought, until recently, that the loose system was confined to Southern California, but we see it is not. The complaints from our subscribers during the past two years have exceeded those of nearly a quarter of a century of prior newspaper work. For a time we tried to hunt them out and correct them, but that being impossible we simply announce to our subscribers that we print the Press and mail it in good shape regularly and there our duty ends.

REPORT OF THE CONDITION —OF THE— LOS ANGELES NATIONAL BANK, At Los Angeles, in the State of California, At the close of business, December 28, 1886.

RESOURCES.

Loans and discounts	$781,224 87
Overdrafts	12,192 98
U. S. bonds to secure circulation	50,000 00
U. S. bonds to secure deposits	50,000 00
U. S. bonds on hand	9,200 00
Other stocks, bonds and mortgages	18,500 00
Due from approved reserve agents	211,334 14
Due from other National Banks	148,198 21
Due from State banks and bankers	28,620 93
Real estate, furniture and fixtures	53,500 00
Current expenses and taxes paid	9,815 86
Premiums paid	15 097 19
Checks and other cash items	12,561 70
Bills of other banks	11,850 00
Specie	283,517 10
Legal tender notes	20,000 00
Redemption fund with U. S. Treasurer (5 per cent. of circulation)	2,250 00
	$1,717,802 95

LIABILITIES.

Capital stock paid in	$300,000 00
Surplus fund	20,000 00
Undivided profits	30,444 33
National Bank notes outstanding	45,000 00
Individual deposits subject to check	1,267,119 26
Demand certificates of deposits	12,767 32
Certified checks	4,775 85
Cashier's checks outstanding	5,699 16
United States deposits	40,872 03
Deposits of U. S. disbursing officers	1,725 00
	$1,717,802 95

STATE OF CALIFORNIA, County of Los Angeles, } ss.

I, F. C. Howes, cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. F. C. HOWES, Cashier.

Subscribed and sworn to before me this 13th day of January, 1887.

GEO. F. CLARKE, Notary Public.

Correct—Attest:
JOHN BRYSON, Sr.,
HIRAM SINSABAUGH, } Directors.

LOS ANGELES GAS COMPANY, Office No. 9 Sonora street.

HAY, GRAIN, WOOD AND COAL.

STANSBURY BROS. & HARVEY, Fort st., bet. Fourth and Fifth. Telephone 472. Orders promptly attended to and delivered to any part of the city. Patronage solicited.

Medical.

"CARBOLIC SMOKE BALL"

(TRADE MARK.)

APPEALS TO YOUR COMMON SENSE, and investigators acknowledge it the most sensible remedy that they have seen, from its great simplicity, speedy action and unfailing results. Though taken by inhalation, it is like no inhaler ever used. The medicine rises as a smoke, lighter than the air you breathe, penetrating and thoroughly treating every air passage of the head, throat, bronchial tubes and lungs. Dissolving on the diseased parts, it cuts loose the mucous, however thick, eating up the poison of the disease.

☞ One ball, lasting from a few months upward, is generally sufficient for a cure.

CATARRH—Cured in three months, warranted. In chronic cases the Debellator should also be used.

ASTHMA—Cured in nearly every case—relieved in five minutes, but the "Debellator Package" must be taken with the "Smoke Ball."

BRONCHITIS—Cured in EVERY CASE—warranted. The "Debellator" should be used with the "Smoke Ball."

DEAFNESS—Cured in three to six months, if the drums of the ears are not destroyed. Hot salt water used in connection with special instructions.

EYES—Granulated lids, weakness of the optic nerves, etc., cured in four to six weeks. Relieved in five minutes.

CROUP—Relieved in three minutes and cured in twenty-four hours.

ULCERATION OF THE LUNGS—Relieved in five minutes and cured in one week. The "Debellator Package" must be taken in addition to the "Smoke Ball."

NEURALGIA—Cured after the third dose, and it will not return if the remedy is occasionally used.

SNORING—Three doses each night, before retiring, cures this trouble.

DIPHTHERIA—"Carbolic Smoke" destroys the germs of this disease, and should be given as a preventive.

COLD IN THE HEAD—Cured in fifteen minutes.

COLD ON THE CHEST—Cured in twelve hours.

A FREE TEST GIVEN TO ALL CALLERS

At our Ladies' and Gents' Parlors, Room 3, second floor. Entrance 28 N. Spring st.

All sufferers are welcome. Come and examine for yourself; also read the testimonials of the best citizens of Los Angeles.

"SMOKE BALL" and "DEBELLATOR PACKAGE" sent by mail, with full directions, on receipt of price, $5 (Smoke Ball $3, Debellator $2) and two postage stamps, or personally delivered to any part of this city on receipt of order.

THE CARBOLIC SMOKE BALL CO., ROOM 3, SECOND FLOOR, ENTRANCE 28 N. SPRING ST., LOS ANGELES, CAL. OFFICE HOURS: Week days from 9 a.m. to 8 p.m. Sundays from 1 to 3 p.m.

SEPARATE DEPARTMENT FOR LADIES, who are requested to call between the hours of 10 a.m. and 5 p.m. to avoid the crowd.

California Remedies of Sarsfield Remedies Co.

Sarsfield's Remedy for the Blood and Constipation.

Sarsfield's Remedy for Diphtheria and Pneumonia.

Sarsfield's Chronic Ulcer Salve.

These remedies are well-known in Central and Northern California, and are now introduced in the southern counties. The MAKING OF CERTIFICATES has related so largely to fraud that the public has naturally grown suspicious of them. But those here referred to are by such prominenent citizens, of such irreproachable character, and the cures are so well-known, and the witnesses are so easy to reach, that we make the references without any hesitation:

MRS. H. C. GOODRIDGE, 28 Hawthorne street, San Francisco, 9 years a sufferer from chronic ulcers, and her case abandoned by physicians, permanently cured. Certified to by Mrs. Sarah B. Cooper, the well-known philanthropist and president of the Kindergarten Association, San Francisco.

MRS. M. R. ADAMS, formerly of Sacramento, completely cured at the residence of her brother, Benjamin Welch, master car-builder of the Southern Pacific Company, Sacramento, of running sore on the arm of 8 years' standing, and that had nearly sapped her life.

W. S. DOAN, noted inventor of the steam wagon, Sacramento, 33 years of fever sores, cured in 40 days. Certified to by William Guttenberger, ex-City Trustee, Sacramento; Alex. Neilson, John Driscoll and H. G. F. Root, proprietor of the Union Foundry, and others.

JAMES MCCORMICK, vice-president Bank of Redding, Shasta county, 8 years' suffering from worst character of rectal ulcer, permanently cured in 3½ months

W. A. DEAN, brother-in-law of M. H. de Young, of the San Francisco Chronicle, cured of aggravated piles and fistula in five weeks.

REV. J. T. HUFF, Turner Station, Or. (refers to Rev. Dr. Frost, Sacramento), cured of BLOOD POISONING of many years by use of the BLOOD REMEDY and SALVE. His letter is a remarkably warm indorsement.

We are also permitted to refer to Hon. Ira G. Holtt, Superintendent of Public Instruction, Sacramento; L. A. Upson, Sacramento; A. D. Carvill, of Carvill Manufacturing Company, San Francisco; Judge George E. Williams, Placerville; Mr. and Mrs. Charles Lux (Lux & Miller), San Francisco; C. B. Corwin, 925 Market street, San Francisco, and a host of others as well known.

These cures have been made by the use of the BLOOD REMEDY and ULCER SALVE, which are HOUSEHOLD REMEDIES, etc., effective in impurities of the BLOOD and diseases of the LIVER and KIDNEYS, CHRONIC CONSTIPATION, PILES, FISTULAS, etc.

Manufactured and For Sale by the SARSFIELD REMEDIES COMPANY, 115 EDDY STREET, SAN FRANCISCO, and by all reputable druggists. Price, $1 per bottle for the Blood Remedy and $1 and 50c. per box for the Salve, according to size.

Real Estate.

T. O. TOLAND. C. N. BAKER.

TOLAND & BAKER,

-Real : Estate : Agency,-

SANTA PAULA, VENTURA CO., CAL.

NOTARY PUBLIC. LEGAL PAPERS CAREFULLY DRAWN.

Santa Paula now has a railroad and is in connection with the outer world. Situated 18 miles from the ocean, it has the most delightful climate in the universe, neither too hot nor too cold. Good schools and churches. Plenty of the very best of water for irrigation and other purposes. Land that cannot be excelled in fertility. Beans, corn, and all products of the soil are here produced in the greatest abundance. It is the center of the oil belt. The home of the orange, lemon, loquot, and all kinds of fruit. The finest scenery, the finest fishing and hunting. Several tracts are now being thrown upon the market, of which we are the agents and we can suit the long or short purse. Come or write at once.

A HOME ON THE HILLS!

OUR BEAUTIFUL FOURTH-ST. TRACT!

OFFERS INDUCEMENTS THAT ARE SURELY WORTH CONSIDERING.

Water piped, houses being built, only one mile from Postoffice, only two blocks from Second-st. cable, on a graded street. Prices lower than lots a mile farther out are offered, and terms to suit purchasers.

One-half of the lots are sold. Better look at them. Will show them at any time.

R. A. CRIPPEN & SON, 120 W. First St.

HOMES FOR ALL.

ONLY $100 IN FULL PAYMENT ON THE INSTALLMENT PLAN!

FOR A BEAUTIFUL LEVEL LOT, COMMANDING VIEW, $20 DOWN, balance of $80 on installments—$10 per month without interest. Reservoir rights; also a well is now being put down for domestic purposes on each 10 acres. This subdivision of 20 acres into lots 50 feet front on 60-foot streets, lies just beyond the city limits at Boyle Heights. Street cars now run near to it and the two electric roads are soon to be completed, together with the liberal donations for the new college, will soon make these lots pay you 500 per cent.

HUMPHREYS & RIGGIN, 20 S. SPRING ST.

Carriage Company.

CALKINS CARRIAGE COMPANY

CORNER LOS ANGELES AND ARCADIA STS.

—SOLE AGENTS FOR SOUTHERN CALIFORNIA FOR—

Abbott Buggy Co., Chicago, and their Steel-gear Buggy and Runabout Wagon, The Cheapest, Lightest and Neatest Two-seat Wagon Made,

Buckeye Buggy Co., Columbus, O.; R. F. Briggs & Co., Amesbury, Mass.; A. N. Parry & Co., Amesbury, Mass.; Hiram W. Davis & Co., Cincinnati, O.; Dayton Buggy Co., Dayton, O.; Cortland Wagon Co., Cortland, N.Y.,

All of which goods we offer to the dealers at the lowest carload rates, and to others at lower prices than ever before named in Los Angeles. Positively the largest stock in the city and lowest prices. Carriage repairing, painting and trimming neatly done. All kinds of carriages and wagons made to order at lowest prices.

Golden Era Magazine.

ESTABLISHED 1852.

Editorial Department by JOAQUIN MILLER.

THE MARCH NUMBER OF THIS ILLUSTRATED WESTERN MAGAzine will be exclusively devoted to Southern California. There will be special articles by JOAQUIN MILLER, HON. A. A. SARGENT, MADGE MORRIS, HARR WAGNER, ALICE DENISON, HOMER C. KATZ, and a symposium of opinions on the "New State of Southern California." The GOLDEN ERA has a larger Eastern circulation than any literary journal in the West, and this edition will comprise upward of 20,000 extra copies.

Copies may be ordered of STOLL & THAYER and P. LAZARUS, Los Angeles, or

GOLDEN ERA COMPANY,
420 Montgomery St., San Francisco.

B. A. BREAKEY,
(Successor to Mathews, Case & Co.,)

Dealer in Builders' Hardware and Agricultural Implements,

NOS. 21 & 23 N. SPRING STREET, LOS ANGELES, CAL.

RATES OF SUBSCRIPTION.

THE LOS ANGELES TIMES, published every day, except Monday, is delivered by carriers at 20 cents a week, or 85 cents a month; $7.50 a year by mail, post-paid, $4.00 for 6 months, or $2.00 for 3 months in advance.

CORRESPONDENCE solicited from all quarters. Timely local topics and news given the preference. Use one side of the sheet only, write plainly, and send real name for the private information of the Editor.

SUBSCRIBERS, when writing to have the address of their paper changed, should also state the former address.

ADVERTISEMENTS, "Wanted," "For Sale," etc., 5 cents per Agate line daily or $1.00 per line per month, payable at the counter. Per square (six lines of Nonpareil), outside pages $3.00, inside pages, $2.50 per month. Higher rates for shorter periods. Cuts admitted to a limited extent, but they must be on solid bases and made in outline.

READING NOTICES, in Nonpareil, per line, each insertion, 15 cents. Professional cards, per line, 50 cents per month. Marriages and deaths, free. Funeral notices, $1.

MIRROR ADVERTISING RATES—Transients, per square (six lines), per week, $1.00. Regulars, per square per month, $1.50. Professional cards, per line, per month, 25 cents. Reading notices, in Nonpareil, each insertion, per line, 15 cents.

ALBERT McFARLAND,
Vice-Prest., Treas. and Business Manager.
WM. A. SPALDING, Secretary.

EDITOR MCWHORTER, of Marysville, has been acquitted.

MAUNA LOA is reported active and the lava flowing like 'lasses.

RAIN continues to the northward and in the San Joaquin region.

THE irresistible ice has sent a British steamer to the bottom in New York Harbor.

MUNKACZY'S great picture of "Christ Before Pilate" will, fortunately remain in the United States.

THE New York 'longshoremen do not "give it up," but indications point to the ultimate failure of the strike.

THERE has been a massacre by natives at Cape Town, South Africa. An explorer and party were killed.

THE State Senate has done a good thing by passing the bill appropriating $30,000 for a State mining bureau.

THE Forty-ninth Congress is rapidly "petering out," with lots of work still on its hands. Many bills will fail for want of time.

THE Navajos are resting on their arms and their reservation, after having killed three white men and losing two of their own number.

THE Pacific Mail and the Panama Railroad Company have gone into a new deal. The former obtains substantial advantages. Rates are going up.

THE Ice King is storming towns and cities in Michigan. People in Los Angeles who are howling at a little rich liquid soil in our streets should go to Michigan for a change.

"DID you ever read Whittier's 'Snowbound?'" asked an innocent stranger of a native of the Northern Citrus Belt. And the n. of the N. C. B. smote him down and hid his body in a drift.

THE United States will not go to war with Canada over fish or fish-bait, just to accommodate idle agitators who want something to do, or politicians out of a job in search of an "issue."

THE President has sent a fresh Missourian to the City of Mexico as Consul-General. If he fills that position with the grace and efficiency shown by Gen. David H. Strother ("Porte Crayon") the Administration and its party will have a right to feel proud.

THE San Francisco Examiner has made a ten-strike in the matter of cable news. It has commenced publishing the copious special foreign dispatches of the New York Herald simultaneously with that paper. These dispatches come by the Mackay-Bennett cable, and are additional to those furnished by the Associated Press. The Examiner's news enterprise is commendable.

THE Monrovia people—in common with many other Southern California communities—would like to have Postmaster-General Vilas out in a ten-acre lot, where they could tell him what they think of him with a robust club. Three trains a day, each way, go to Monrovia; and despite all the kicking that has been done, the abused town gets but three mails a week, and they come by buckboard from a station several miles away.

A CORRESPONDENT of the Pacific Rural Press attributes the superiority of the thin-skinned Sicily lemons over the thick-skinned California to the difference in curing; the former are picked green and packed in boxes of dry sand, where they are allowed to remain four or five months before they are sorted carefully for shipment; while California lemons are allowed to ripen on the trees, which causes them to rot early, become thick-skinned and lose their juice. The experiment would be worth trying by lemon-growers here.

Figurative Facts.

The Government Bureau of Statistics has published an official statement, prepared by its chief, Mr. Switzler, showing the exports and imports of the United States for the year 1886. The total value of the exports during the twelve months of last year was $713,289,666, an increase of $25,000,000 over the exports of 1885. The amount, however, is by no means exceptionally large—much smaller than for four years preceding 1885. The exports in 1881 amounted to $830,000,000, the total being swelled that year by exceptionally large exports of breadstuffs, owing to the partial failure of crops abroad.

The exports are generally—almost invariably—largest in December, the figures for that month last year being $85,304,419. This was an increase of $1,000,000 over the exports for the same month in 1885, larger than the exports for December, 1881 and 1883, but smaller by several millions than the exports of December, 1882 and 1884. To give some idea of the relative amount of exports in December and in other months of the year, the exports for December last year were $26,000,000 above the monthly average for the year.

The imports last year amounted to $663,417,210, the excess of exports over imports being $49,872,456. In 1885 the excess was $100,381,125. The imports of 1885 were $587,868,673; of 1882, $752,843,507, while the totals for the years 1881, 1883 and 1884 were not far apart from that for last year.

The import and export of gold last year were almost the same. The former was $41,707,141, and the latter $41,281,276, the excess of import being $425,865. In 1885 the excess of import was $12,228,104. Within six years the country gained $48,000,000 in gold by importation, and exported nearly $70,000,000 in silver more than was imported. The export of silver last year was $10,219,122 more than the import, and in 1885 the excess was more than $15,000,000.

The statistics of immigration contained in Mr. Switzler's report show that the total number of immigrants during 1886 was 386,755, as against 326,151 for 1885. These figures are for the six principal ports, and are supposed to represent about 98 per cent. of the total arrivals. Though last year shows quite an increase over 1885 it is nevertheless considerably behind the five preceding years, when the number of immigrants ranged from 790,000 to 450,000 annually. Of the immigrants during 1886, about one-third came from Great Britain and Ireland; 85,000 were from Germany, and 45,000 from Sweden and Norway; Russia, Finland and Poland sent 33,000; Austria, 17,000; Italy, 30,000; Bohemia and Hungary, 22,000. Statistics of emigration are not given.

They would, if gathered, be found small, as the proportion of persons leaving the country permanently is insignificant, and the departing ones, let us hope, leave the country "for their country's good."

The Printers and Their Demands.

Concerning the recent sudden and arbitrary advance made in the rate of wages by the printers of Los Angeles, the Herald, one of the employers affected, has this to say—and we republish it with our indorsement:

The Los Angeles Typographical Union last Sunday adopted a new scale of prices, which went into force yesterday. It advanced the rate of composition on morning papers to 50 cents per 1000 ems, and establishes a corresponding increase of wages all along the line. We entered our protest against the manner in which this increase was brought about, without conference with the publishers. The Herald has always conformed to the rates of the Union, and has ever shown itself ready and willing to help the men who toil for wages to secure fair treatment and just remuneration. But we believe there should be a reciprocity of favors. The Union should have conferred with the publishers before arbitrarily raising their rates. We believe that a fair and deliberate conference between the printers and the employers would have modified some of the absurdities which characterize the new scale of prices. At least such a course would have resulted in establishing a better feeling than now subsists between the printers and the publishers.

When members of trades-unions learn that there are, after all, two sides to every contract and every question, and that in the long run nothing is to be gained by a dictatorial and purely arbitrary course towards their employers, who are their best friends, they will have discovered truths that will be of value to them as they go marching down the lachrymal vale of life. Fair men should hesitate long before they do anything, either in their individual or their organized capacity, which even squints towards the game of *cinch*, and, after hesitating long, they should refuse to go the wrong way.

Some San Jose Talk.

At the opening of the Central California Citrus Fair, in San José, Dr. C. C. Stratton made the address. In the course of his remarks he had, of course, much to say about Los Angeles. We quote a sentence or two:

□ "Last summer I spent a week with friends in Los Angeles, and what a man of ordinary intelligence and observation cannot learn in regard to citrus fruit, attractive features and scenery of that country in a week is scarcely worth knowing."

Right there the self-complacent Doctor is wrong. No man can learn all about the citrus industry in a week, or a year; no more can he make himself a walking encyclopedia on Los Angeles in that length of time. The mistake of this San José *medico* is a rather common one. A great many people deceive themselves in the same way. It has taken a good many years and a good deal of patient toil, intelligent effort and steady push to produce what Los Angeles county is able to show today in the way of production, and it cannot all be "taken in" by a visitor "in a week. The speaker went on to say some things nearer the truth:

"Recently San José seems to be awakening and imitating some of the push which has characterized to a rare degree the citizens of Los Angeles, who have been reaping golden returns from their enterprise."

San José cannot reap "golden returns" without some such enterprise as has been here exhibited. No great thing was created in a day. Great results come only after toil, patience and the lapse of time.

The Buckeye State.

A Washington dispatch in the Ohio State Journal says:

Ohio Republicans are talking of Hon. A. C. Thompson, of Portsmouth, for Governor of Ohio, since Gov. Foraker has declined to be a candidate. Col. Thompson is quite as popular in Washington as in his State, and people here from all quarters favor his candidacy.

Judge Thompson carries a musket-ball in his breast, received during an engagement with the enemy while serving in the Union army. As chairman of the Republican Executive Committee of Ohio, during several hotly-contested campaigns, he proved himself very efficient. He is a fine lawyer, and has served as Judge of the Common Pleas Court with great credit. He is a man of commanding presence and great administrative ability, and would grace the gubernatorial chair of Ohio.

THE Santa Monica Outlook adds an intelligent chapter to the general discussion of the subject of the Ballona Lake, and the feasibility of converting it into a harbor. The editorial takes a conservative view of the subject, avoiding a too enthusiastic indorsement of the scheme, but leaning to the view that the spot is a better one for an artificial harbor than San Pedro. Some pertinent opinions of the late Gen. Alexander, of the Army, and of Col. Mendell, of the Coast Survey, are quoted. The article appears in full elsewhere.

IF the boycott were ever justly resorted to, certainly it must have been in the case of that Connecticut Republican community that boycotted the postoffice of North Haven because the President turned out a Republican postmistress and put in a Democratic postmaster. The boycott was a radical one, and has resulted in paralyzing the postal department of North Haven. Grover should have had more gallantry.

THE telegraph brings a mild and somewhat evasive denial from Col. Fred. Crocker that the sale of the San Joaquin rancho has been made to the Southern Pacific Company. He admits, however, that negotiations are in progress, and it is doubtless only a question of a few days when the trade will be concluded. The rancho is bought for speculative purposes, purely. It will prove a "good buy."

WE have another dispatch this morning about the remarkable bomb explosion at the Grand Opera House in San Francisco, where Patti ran a narrow risk of injury. About this sensational episode not a word appeared in the alleged telegraph columns of the Tribune yesterday. That paper's boasted "telegraph service" is becoming more and more of a fraud and a delusion.

A RUMOR comes quivering down to us from the Polar belt to the effect that the entire proceeds of the recent northern citrus venture to Chicago has been ordered by telegraph to be instantly invested and returned in snow-shovels, that tool being the only one suitable for harvesting the balance of their orange crop.

A SENSIBLE amendment to the Assembly Fish and Game Bill provides that the supervisors of the different counties may extend or shorten the close season. The conditions of game are not alike in the far-separated counties of a great State covering ten degrees of latitude. The bill should pass.

THE bill making appropriations for the support of the Industrial Home of Mechanical Trades for the Adult Blind has been amended in the State Senate so as to make the appropriation $65,000, and providing for a new directory for the institution. Senator White opposes the measure.

A LYRE five feet high has been found by Dr. Schliemann. He proposes to send it to America and make a Republican politician out of it.—[San Francisco Examiner.

Not till the digging Doctor finds a liar seven feet high will he be able to satisfy the Democratic demand for campaign and editorial work.

Still Showering.

SAN FRANCISCO, Feb. 10.—Twenty-eight hundredths of an inch of rain fell here during the twenty-four hours ending at noon today.

NAPA, Feb. 10.—A warm rain fell all night. There is more than the average annual rainfall to date.

FRESNO, Feb. 10.—Rainfall to this morning is .31. The weather is clear at present.

The Union Pacific Statement.

BOSTON, Feb. 10.—The annual statement of the Union Pacific Railway shows that the earnings for the year were $26,603,797; expenses, $16,553,109; surplus, $10,050,688. taxes, $1,055,510; net earnings, $8,995,178; This shows an increase of $151,451 in taxes, and a decrease of $2,692,262 in net earnings, as compared with 1885.

Volcanic Eruption at Hawaii.

SAN FRANCISCO, Feb. 10.—Hawaiian advices just received in this city state that the volcano of Mauna Loa on Hawaii Island is again active. Activity was resumed on the 16th of last month. A great many earthquakes have taken place at Hilo. The lava flow has run a great distance in the direction of Kahuaka and is making its way toward the sea.

"THE BALLONA HARBOR."

Gen. Alexander and Col. Mendell on the San Pedro Harbor.

[L. T. Fisher in the Santa Monica Outlook.]

Some of the Los Angeles papers are divided as to the feasibility of constructing a harbor at the Ballona Lake. We all hope for the success of that enterprise, but there is ground for a difference of opinion as to this project. The writer of this article, while publishing a paper at Wilmington for a year and a half, made the harbor question a matter of extensive reading and careful study. We also had a lengthy conference with Gen. Alexander, now deceased, and Col. Mendell, of the Coast Survey Department. We retain a vivid remembrance of that interview. It was held in 1874 in the parlor of the late B. D. Wilson, who took a great interest in the harbor improvement at San Pedro. Our conversation was principally with Gen. Alexander. He gave a minute history of the harbor enterprise from its beginning, pointing out the obstacles overcome as well as those still to be encountered. He also explained the action of the tides, and the full topography of the harbor and its surroundings. The General's explanations were very satisfactory as well as entertaining. After thanking him for the valuable information imparted, we remarked that his explanations were very satisfactory, and if he could answer one more question in the same satisfying way, we felt satisfied that there was nothing to prevent San Pedro from becoming a permanent harbor. This remark at once caught the attention of Col. Mendell, who was engaged at the time in talking to some ladies in another part of the room. We then asked "What is to prevent the mouth of the harbor from shoaling, after it was dredged out?" Without waiting for a reply from the General, Col. Mendell said, substantially, that the offing into which the outgoing tide carried the débris was of very large area, and the action of the current and waves were such as to distribute this débris over the extensive surface, rendering the filling process exceedingly slow—practically amounting to very little. We then replied that, according to his own admission, it was only a question of time when the harbor would fill up at the mouth. He did not deny this.

Now, the same difficulty is to be encountered at Ballona. The outgoing current, carrying débris, and the inrolling waves, meeting, cause a deposit which finally appears as a bar. No engineering science has ever been discovered to prevent this. The dredger will make deep water and the jetty system help to keep it so for a time, but shoaling is sure to follow farther out into the ocean. A breakwater may be extended and the dredger and jetties again be brought into use, but the same difficulty will again occur. And so it it will continue, the same causes producing the same effects.

There is this contingency, however, that may make Ballona an exceptional point—or, perhaps, it would be more correct to say that the shoaling process will be so slow that it would be practically not worth considering. We allude to the fact of there being deep water near shore. Some time in 1876 or 1877 the steamer Hassler spent several months in taking soundings in this vicinity, and we remember distinctly that one of the officers informed the writer that they had found deep water near shore, and it was at this time we made the suggestion that the Ballona would be a good point at which to construct an artificial harbor.

Now, suppose that there is deep water, say within a thousand feet of shore. By extending wings out to this point and dredging the channel from the outer ocean to the inner basin, access for vessels will be complete. The only difficulty will then be as to the possibility of keeping the channel open, or rather preventing the mouth from shoaling. As we said, admitting the fact of deep water near shore, this point at the Ballona is exceptional. Nothing can accumulate from the ocean and the débris that goes out with the falling tide will be dumped over this submarine bluff, as it were, and the process of filling will be so slow that it will not be accomplished for fifty or even a hundred years. Such periods of time are so long they are not worth taking into account. But if there is no deep water near shore the trouble will be found at Ballona that is encountered at the entrance of every harbor where dredging is necessary in the world.

The Courts.

The case of the State against Pendergrast alluded to in yesterday's paper was dismissed for want of sufficient evidence on part of the prosecution and not through technicality of legal form.

The case of George Sapp, charged with burglary in taking the overcoat and other articles from J. W. Browning, of this city, was heard in Judge Cheney's court yesterday and given to the jury at noon. The jury returned a verdict setting the young man at liberty.

In the case of John Rylen, habeas corpus, defendant was discharged by Judge Cheney.

In Justice Austin's court, Alfred Ramus, charged with petit larceny, was found guilty. Frank Rimpau, misdemeanor, was dismissed.

A New Scheme.

One of our seedsman has just received an order from the North for "a few pounds of orangeseed." The writer enjoins strict secresy, and states that he is about starting a nursery in the swamp just back of Sacramento, and wants the "vine variety," as the expense of boarding them over nightly would be as nothing compared with that of building a house around each tree, as is the custom with them; and adds in a postscript that he remembers an orange he once plucked from a vine growing on one of our deserts was far more sightly, delicious in flavor, and preferable in every way to any he has tasted from his neighbors' trees.

An Old Publisher's Visit.

John McLoughlin, of New York, founder of and still senior partner in the largest toy-book publishing house in the country, arrived last night and is at the Nadeau. He will remain here a fortnight, probably, looking over Southern California critically. He is the father of James McLoughlin, the owner of the Second-street cable road and the dummy line now building to the proposed Baptist College. The firm of McLaughlin Bros. represents a business now forty years old; and every child that ever had a gay picture-book knows their name by heart.

Street-car Extension.

Work is now in progress for the continuation of the two-horse car line out Washington street. The track will be completed to the city limits by the 20th, and there will stop. When the subscriptions are all right the road will be continued down Vermont avenue to Park Station.

Incorporated.

Articles of incorporation were filed yesterday by the Pasadena Steam Laundry Company. The directors are Robert Smith, J. C. McCreight, Benjamin E. Ball, Estelle V. McCreight and Mary Smith. Capital stock, $10,000; all subscribed.

Congregational Social.

The Young People's Society of Christian Endeavor give their regular monthly social this evening at the First Congregational Church, corner of Third and Hill streets. All are invited.

An Irreparable Loss.

ST. LOUIS, Feb. 10.—Beside the pecuniary loss which resulted last night from the destruction of Jesse Arnot's livery stable one loss was suffered which is irreparable. The hearse in which the remains of Lincoln were conveyed to their last resting place was consumed in the flames.

PACIFIC COAST.

More Concerning the Navajo Indian Trouble.

The Whites to Blame for the Fight on the Reservation.

San Francisco Still Excited Over the Opera House Explosion.

Another Report About San Joaquin Rancho and the Southern Pacific — Vrooman's Dynamite Bill Strengthened by Several Important Amendments.

By Telegraph to The Times.

ALBUQUERQUE (N. M.), Feb. 10.—[Special.] Further particulars from Monday's bloody tragedy on the Navajo reservation, in which three white men and two Indians were killed, state that everything is as quiet as usual. Reports show that the Indians were not as much to blame as the white men, who made the attack, and who should have made their grievances known to the Indian agent instead of taking the law in their own hands. The three men who accompanied the deputy to make the arrest of the accused horse thief were no good and were bitterly hated by the Indians for very good reasons, and they were not slow in taking advantage of the situation. The Navajos are imposed upon by this class of men, who may yet be the cause of this powerful tribe taking the war-path.

PATTI'S ESCAPE.

More About the Bomb Explosion at the Opera House.

SAN FRANCISCO, Feb. 10.—[By the Associated Press.] All the papers today contain long accounts of the explosion of the can of powder at the Patti concert last night. Later investigation shows that the crank, Dr. Hodges, who threw it had no distinct purpose in view, but simply wanted to create a disturbance. The excitement has now mostly died away, owing to so little damage resulting, and has given place to astonishment that a panic was averted. The house was crowded to its utmost capacity, and every aisle was filled with spectators. A fortunate circumstance, and one which no doubt contributed to some extent to prevent a stampede, was that the explosion occurred when the applause was most vociferous and partially deadened the sound of the report. Had the spectators lost their heads and had a rush been made for the doors, there is little doubt that many would be now mourning for their dead.

SAN JOAQUIN RANCHO.

Col. Crocker Says the Southern Pacific Has Not Bought It Yet.

SAN FRANCISCO, Feb. 10.—[By the Associated Press.] In an interview with Col. C. F. Crocker regarding the dispatch reporting the purchase of the San Joaquin rancho by the Southern Pacific, he denied that the purchase had been consummated. He admitted that negotiations are under way, but says that if the purchase be made at all it will not be effected for several days yet. The purpose, he says, that the Southern Pacific has in making the purchase is purely speculative, in the expectation of enhancement of the land's value. One of the trustees of the Irvine estate confirmed the statement of Mr. Crocker that negotiations were in progress for the purchase, but that the sale has not been made.

LEGISLATIVE PROCEEDINGS.

Senate.

SACRAMENTO, Feb. 10.—[By the Associated Press.] In the Senate the special order for 2:30 p.m. was Mr. Clunie's Anti-compact Insurance Bill. When the bill was called up a motion was made that it go over, which caused Senator Clunie to make a strong plea in favor of immediate action. The bill was finally read a second time, when the committee amendments were adopted. The third reading was made the special order for next Tuesday morning.

The bill appropriating $30,000 for a State Mining Bureau was finally passed by a vote of 32 to 5.

Senate bill No. 192, appropriating $30,064 for the support of the Industrial Home of Mechanical Trades for the Adult Blind came up for a second reading, when a motion was made to reduce to $30,000 the $65,000 proposed in the substitute.

Senator White said that he should oppose the bill as his county had always taken and would continue, unless prevented, to take good care of its unfortunates at less than Palace Hotel rates.

The provision appropriating $65,000 was retained and the amendment providing for a new directory of this institution was adopted.

Several other amendments were made and the Senate adjourned.

Assembly.

SACRAMENTO, Feb. 10.—Mr. McDonnell's Fish and Game Bill, No. 124, was amended on Mr. Variel's motion by giving the Supervisors of the different counties power to extend or shorten the close season.

STATE CAPITAL NOTES.

Vrooman's Dynamite Bill Stiffened by Amendments.

SACRAMENTO, Feb. 10.—[By the Associated Press.] The Senate Judiciary Committee tonight strengthened Vrooman's Dynamite Bill and made its provisions more severe. The amount to be forfeited for each failure to keep a record of sales of dynamite explosives was raised from $100 to $250. Any person may bring an action in court against a violator of the law. The bill provided that any citizen could do so. Instead of giving him one-half the amount, the person is to receive the whole. Such action can only be dismissed by the consent of the court. Any person recklessly having in his or her possession such explosives in a public place, or who endeavors to terrify or intimidate others with them is to be subject to imprisonment in the penitentiary for one year or for life. The possession of dynamic explosives except in the regular course of business, was made felony, instead of a misdemeanor as is on the bill, punishable by imprisonment in the county jail or State prison for not more than five years or by a fine not exceeding $5000, or both. Any person maliciously depositing or exploding dynamite or nitro-glycerine in a public place may be imprisoned for life in the penitentiary, the phrase not less than one year being used. The bill provided that any member of the police force might sue for forfeiture, and this was altered to "any peace officer or policeman." The committee will recommend that the bill as amended be made a special order and be advanced on the file.

VITICULTURAL BILL.

The Committees on Viticulture of both houses held a joint meeting tonight to consider Mr. Coomb's bill to prevent the adulteration of wine and the substitute bill prepared by the District Wine Growers' Convention at San Francisco. Charles A. Wetmore was present and pointed out the defects in both measures. A letter from M. M. Estee was read favoring the Coombs bill with amendments to make it more stringent. From Arpad Haraszthy a letter was read favoring the substitute bill, and from George West, of Stockton, one against the bills.

NATIONAL NOTES.

The Anti-polygamy Bill—Closing Work of the Session.

WASHINGTON, Feb. 10.—[By the Associated Press.] The substitution of Hammond for Tucker as member of the Conference Committee on the Anti-polygamy Bill will not, it is believed, cause any delay in the consideration of that measure. The conferrees will meet tomorrow, and the indications are that an agreement will then be reached on a bill similar in its principles and provisions to that passed by the House.

RECEPTION AT THE WHITE HOUSE.

The President's reception to the army and navy tonight was more largely attended than any of those which have preceded it. The state parlors and corridors were handsomely and elaborately decorated with tropical plants and smilax. The east room was a shifting panorama of gay costumes in an exquisite setting of handsome decorations, and near the center of the east wall of the room was a bower of tropical plants reaching almost to the ceiling. On the other side and along the other walls palms and potted plants were tastefully arranged. On the mantels of the west wall of the room were placed small, dark green plants, facing banks of cut flowers. The columns of the room were twined round with smilax. Officers of the army and navy were present in large numbers, and the Diplomatic Corps had numerous representatives. President and Mrs. Cleveland were assisted in receiving by Mrs. Manning, Mrs. Endicott and Mrs. Vilas, while Miss Cleveland, Miss Van Vechten and a number of others occupied the space immediately behind the receiving party. Mrs. Cleveland was charmingly attired in a dress of pale blue silk.

PLENTY OF WORK AND LITTLE TIME.

Nineteen working days remain to the present Congress. Thirteen annual appropriation bills, including River and Harbor Bill, are not yet ready to go to the President; 10 remain to be acted upon in the Senate; 19 require the action of the Senate committees; five have not passed the House, and two have yet to make their initial step from the House to the committee. In addition to these, last year's Fortification Bill yet lingers in conference.

NOMINATED.

The President sent the following nomination to the Senate today: To be Indian Agent at the Colorado River Agency, Arizona, George W. Busey, of Illinois.

THE CHINESE INDEMNITY BILL.

The Senate has agreed to the House substitute for the Chinese Indemnity Bill.

PACIFIC MAIL.

Its New Arrangement with the Panama Railroad Company.

NEW YORK, Feb. 10.—[By the Associated Press.] The adjourned conference between representatives of the Pacific Mail Steamship Company and the Panama Railroad Company, to agree upon a settlement of the differences, was held this morning. President Houston and Director Edward Lauterbach represented Pacific Mail, and Messrs. Seligman, McCulloch, Ellis and Da Costa the Panama Railroad Company. The compromise proposed yesterday was agreed to by both companies. It provides for a settlement of the outstanding claim of the Panama Railway, of $530,000, by payment of $160,000. In lieu of the monthly payments of $70,000 for transportation across the isthmus, heretofore charged the Pacific Mail by the Panama Company, there will be paid $55,000 per month, and the Pacific Mail Company will be allowed to reduce its service in any way it chooses, instead of being compelled to run a steamer every week, as was provided under the terms of the old contract. As this provision alone will save the Pacific Mail $50,000 per month, the saving on other items for the unexpired seven years of the old agreement, which the new agreement takes the place of, amounts to over $1,600,000. The Pacific Mail directors, after the meeting, stated that no negotiations for a subsidy from the transcontinental lines were being considered. One of them predicted an advance of rates betore the end of this week.

THE PERILS OF A PORT.

A British Steamer Sunk by Ice in New York Harbor.

NEW YORK, Feb. 10.—[By the Associated Press.] The British steamer Wells City, which arrived from Bristol this morning, came into collision off her pier with floating river ice which stove her hull in, and she filled rapidly and sank. The Wells City had anchored in the stream at the foot of West Twenty-sixth street. Between 3 and 4 o'clock this morning an immense ice float came down with the tide and caught her. She did not have steam up and was carried down the river, dragging her anchor, for more than a mile and a half, resisting all efforts to stop her. Opposite Christopher street the steamer Lone Star was anchored. The Wells City drifted broadside upon her bow and was struck by the cutwater of the Lone Star, knocking a hole in her hold. The crew of twenty-three men and the captain took to the boats before the steamer sank. She was valued at $150,000, and her cargo, consisting of block tin, was valued at $140,000. She will be raised.

CAME TO GRIEF.

An Attempt at Burglary that Panned Out Badly.

BOUNDBROOK (N. J.), Feb. 10.—[By the Associated Press.] Daring thieves entered the postoffice here last night. They were discovered by the railroad agent and he at once opened fire on them. One of the thieves was shot, but managed to get to the Raritan River, where he jumped in, hoping to escape by swimming to the other side. Loss of blood weakened him and the icy water so benumbed him that when but a few feet from shore he sank with a despairing cry and was drowned. The pal of the drowned thief made a desperate struggle for freedom, but was overpowered and taken into custody. The robbers were members of the same gang who entered the Jersey City postoffice a few days ago, bound the watchman and janitor and tried to rob the safe.

A Costly Painting.

NEW YORK, Feb. 10.—A Philadelphia dispatch says: "Czedelureyer, who represents M. Munkaczy in the sale of his pictures, said today: 'Munkaczy's great picture of Christ before Pilate will remain in the United States. There have been offers from different parties during the last week, one from a well-known art amateur in the West, and another from John Wanamaker, of Philadelphia. The latter purchased it from me at the highest price ever paid for a modern painting.'"

Editor McWhorter Acquitted.

SACRAMENTO, Feb. 10.—The jury in the case of McWhorter, editor of the Marysville Democrat, who shot and killed Deputy Marshal Robinson, brought in a verdict of not guilty this morning.

FOREIGN AFFAIRS.

French Troops Summoned Home from Algeria.

Germany Demands that France Make a Declaration of Neutrality.

Boulanger Has a Rupture with the French Foreign Minister.

Indications that Eastern Europe will be the Scene of the First Hostilities—Alsatians Taking Refuge in France—Other News from Abroad.

By Telegraph to The Times.

BERLIN, Feb. 10.—[By Cable.] Advices from Algiers published in the *Kreuz Zeitung*, have caused much excitement here. The dispatches say that a number of generals and staff officers have left Algeria to assume commands in France and that four battalions of the Twefth Army Corps stationed in Algeria have been ordered to hold themselves in readiness to embark. Preparations are being made at the different ports to expedite the shipment of troops. Territorial troops, the dispatches say, are to take the place of the battalions leaving Algeria.

The Imperial Bank today placed for sale on the Bourse treasury certificates to the amount of 30,000,000 marks.

GERMANY MAKES A DEMAND ON FRANCE.

NEW YORK, Feb. 10.—[By the Associated Press.] The Star's London cablegram says: "Germany, according to a dispatch from Berlin, has asked France for a formal declaration of neutrality in the event of war in the East. In Downing street the statement is partly confirmed. The communication, however, was unofficial, and put in the way of a suggestion leading up to a friendly understanding between France and Germany. The whole situation points to the East as the probable first scene of warlike operations."

BOULANGER IN A RAGE.

PARIS, Feb. 10.—[By Cable.] At the ball at the Elysee Palace this evening a rumor was circulated that Gen. Boulanger's aide-de-camp had applied to the Foreign Office for a passport, on the ground that he was to bear a letter from Boulanger to the Emperor of Russia; that M. Flourense, Foreign Minister, refused to grant the passport, and that a violent scene took place between Gen. Boulanger and M. Flourense, the former explaining that the letter was not for the Czar, but for the Russian War Minister, and the latter that the communication must traverse the regular diplomatic channels. The aide-de-camp is still in Paris.

ALSATIANS ALARMED.

A dispatch from Strasburg to the *Republique Francaise* says that 600 Alsatians who were summoned to join the German reserves have crossed into French territory, dreading an outbreak of war.

BERLIN WAR TALK.

BERLIN, Feb. 10.—The Berlin Post says that warlike Paris articles have fallen flat, and that paper now reproves the Center party for its "sinful pride" in rebelling against the Pope's decree.

The *Germania* says: "The Pope has expressed the wish that our party support the septennate, but this is impossible."

The Vienna *Neue Freie Press* says that in a recent interview a French statesman said that France will not commence hostilities because of a belief, perhaps a superstition existing throughout the country, that the power which begins the next war will be defeated.

FOREIGN NOTES.

Tories and Liberal Unionists Combining to Beat Parnell.

LONDON, Feb. 10.—[By Cable.] An urgent whip has been sent to all Tory and Liberal Union members of the House of Commons, summoning them to be on hand to vote against Parnell's amendment to the address in reply to the Queen's speech.

LATER.—No Liberal whip has been issued for tonight's division on Parnell's amendment to the address.

THE STOCK MARKETS.

LONDON, Feb. 10.—Consols opened at 100 13-16 for money and 100⅞ for account. The stock markets were firm. Egyptian securities have risen 2 per cent. in consequence of a rumor that a British protectorate is to be established over that country. American securities were very firm.

Consols closed at 100 15-16 for both money and account.

PARIS, Feb. 10.—The tone of the Bourse was quiet. Three per cents rentes for account opened at f.77 55c., an advance of 20c. on yesterday's closing quotations, and closed at f.77 77½c.

VIENNA, Feb. 10.—Firmness has prevailed on the Bourse today.

GREAT FIRE.

PARIS, Feb. 10.—The Serpette oil soap manufactory at Nantes was destroyed by fire today, involving a loss of $400,000.

MASSACRED BY NATIVES.

CAPE TOWN, Feb. 10.—Traders from the interior report that the explorer, Dr. Holub, his wife and the entire party accompanying him, have been massacred by natives.

DEAD.

LONDON, Feb. 10.—Mrs. Henry Wood, the novelist, is dead, aged 67 years.

The Duke of Leinster (Charles William Fitzgerald) is dead, aged 68.

WATERY WASTES.

Ice Gorges Causing Disastrous Floods in Michigan.

LYONS (Mich.), Feb. 10.—[By the Associated Press.] Lyons is a sea of ice. The Grand River rose during the night about 4 feet, and an ice gorge formed just below the city. The whole business part of the town is under water, and great damage has been sustained. The loss will reach into the thousands. Several families have been driven out of their dwellings. Others took to the upper stories. The ice gorge covers an area of about 400 acres, and is estimated to be about twenty feet thick in places. All mails are shut off from the North and West.

OWASSO (Mich), Feb. 10.—The ice in the Shiawassee River is jammed below Main-street bridge, and the water, already high, is rising gradually. All factories along the river have been obliged to close.

REMARKABLE ESCAPE.

How a Shocking Railway Accident Was Averted.

CLEVELAND, Feb, 11.—3 a.m.—[By the Associated Press.] The Cleveland and Pittsburgh express, which left here at 12:45 this morning, ran through a bridge about six miles from the city. The engine and baggage and express cars ran across all right, but the smoker, containing four passengers went partially over into the stream, but was held back by the sleeper which remained on the track. The passengers in the smoker miraculously escaped injury. The fireman had a leg broken.

THE WEATHER.

Synopsis for the Past Twenty-four Hours—Indications.

LOS ANGELES SIGNAL OFFICE, Feb. 10.—At 4.07 a.m. today the thermometer registered 43; at 12.07 p.m., 57; at 7.07 p.m., 46. Barometer for corresponding periods, 30.08, 30.10, 30.10. Maximum temperature, 59.0; minimum temperature, 38.0; rainfall past 24 hours, .09. Weather at 7.07 p.m., clear.

THE SOUTHERN PACIFIC'S REPORT.

SAN FRANCISCO, Feb. 9.—The weather report for the 24 hours ending at 8 p.m. Feb. 9: Barometer highest in Southern California and lowest in Nevada. Variable winds prevail in all districts. The temperature has remained nearly stationary along the whole Pacific coast. Light rain or snow has fallen in Oregon, Washington Territory and in California. Following are the amounts: Port Angeles, .29; Olympia, .21; Spokane Falls, .11: Walla Walla 29; Astoria, 43; Portland, .19: Roseburg, .01; Sacramento, .17; San Francisco, .12; Keeler, .17; San Diego, .44: Los Angeles, 1.85.

Indications for the 24 hours commencing at 4 a.m. Feb. 10: California—local rains, variable winds, nearly stationery temperature. For Oregon and Washington Territory, light rain except in extreme northeastern portion of Washington Territory, where fair weather will prevail. Variable winds, generally northeasterly, in Washington Territory; slight change in temperature.

SIGNAL SERVICE SYNOPSIS.

SAN FRANCISCO, Feb. 10.—Signal Service synopsis for the past 24 hours: The barometer is highest in Eastern Washington Territory and lowest off the coast of Oregon. Rain or snow has fallen in Washington Territory, Oregon and California. Following are amounts: Walla-Walla, .15: Astoria, .02; Roseburg, .12; Fort Bidwell, .95; Eureka, .57; Red Bluff, .08; Sacramento, .10; San Francisco .28; San Diego, .11.

INDICATIONS.

SAN FRANCISCO, Feb. 10.—Indications for the 24 hours commencing at 4 a.m., February 11th: California—Light rains as far south as Lake Tulare; fair weather in southern portion.

BOGUS DIPLOMAS.

A Maine Mill Grinding Them Out by the Thousand.

BOSTON, Feb. 10.—[By the Associated Press.] The Herald claims to have detected an alleged physician named Samuel York, of Lewiston, Me., in the act of selling medical diplomas and degrees, and publishes an exposé covering several columns of that paper. The Herald's investigations were instigated by the fact that some time ago one Dr. James M. Buzzel, of Portland, was arrested for alleged abortion, and a few weeks later Dr. Morrill was arrested on a similar charge in Lewiston, both claiming to be graduates of the Maine Electric Medical College of Lewiston. As Samuel York, whose name is first on the list of incorporators of the college, as Dr. Samuel York, whose name heads a similar list in connection with the Maine Electric Medical Infirmary, and as the very venerable Prof. York, M. D., dean of the faculty of the Druids' University of America at the State of Maine branch he had several strings to his bow. Some of his co-incorporators were respectable people, but the whole concern was practically managed by York. When he started his infirmary, circulars were sent to charitable people all over the State announcing the design was to found a free hospital and home for poor, and gifts were solicited. How much was contributed is not known. The Herald's representative, under the guise of a student, was enabled to hear the professor conduct a "quiz." According to Dr. York's own statement, the university has 5000 graduates. Dr. York cared nothing whatever about the students' knowledge of the subjects mentioned in the university catalogue, his sole object being to obtain the price of a diploma.

SHOCKING AFFAIR.

A Young Girl Mysteriously Shot—Her Story.

MOUNT HOLLY (N. J.), Feb. 10.—[By the Associated Press.] A remarkable case of attempted suicide or murder has come to light here. Mary C. Anderson a handsome young woman about 17 years of age, enjoying a good reputation, left her home on Monday night. On Tuesday morning she was found in the outskirts of the town with a bullet hole in her head. She was removed to her home, where she now lies in a dying condition. She has been unconscious ever since and could, therefore, make no statement as to the shooting. A revolver was found on the ground about a hundred yards from her, one chamber being empty. This revolver proved to be the property of her cousin, Barclay Peake, who maintained a close friendship with her. Peake was arrested on Tuesday and stoutly denied his guilt, and intimated that the girl committed suicide. At the preliminary examination today it was proved that they were walking out together in the locality where the girl was found. Peake was committed to await the result of the girl's injuries.

PHILADELPHIA, Feb. 10.—A special to the Times from Mt. Holly, N. J., late tonight says that Miss Anderson had recovered consciousness and had told her story of the affair. She asserts that Barclay Peake and herself were taking a stroll through the neighborhood when he made improper propositions to her, and after she had strenuously resisted his advances he drew his revolver and shot her through the head. The young lady is still alive, but slight hope is entertained for her recovery.

Horrible Case of Infanticide.

HARTFORD (Ct.), Feb. 10.—A few days ago a young woman named Rose Daly went to West Suffield from East Granby, where she had been living as a servant, to visit a family named Burns. In the temporary absence of Mrs. Burns, the girl is said to have given birth to an illegitimate child, whose life she then sacrificed. As the facts are related, the mother arose and taking her offspring with her she went to an an outhouse, walking over the snowy path in her stocking feet and attempted to strangle the baby. Failing in this, she went back to the house and with a table-knife cut off the infant's head and put it in the stove, while she took the mutilated body down into the cellar, where she left it. Mrs. Burns returning soon afterwards discovered by the offensive smell that something was wrong and opening the stove was shocked by seeing the babe's head in the fire. She snatched it out, crisp and blackened on one side. The wretched mother's recovery is considered doubtful.

The Montreal Carnival.

MONTREAL, Feb. 10.—One of the great events of the carnival, the grand parade of allegorical and spectecular cars, took place this afternoon. The parade passed through snow-shoers' arch, which was occupied by over 250 snow-shoers, in their many colored uniforms, the beauty of the structure being greatly increased thereby. Lord and Lady Lonsdowne, escorted by cavalry, were in the procession.

Killed at a Fire.

SAN FRANCISCO, Feb. 10.—Fire broke out this morning at 619 Post street, occupied as a Chinese laundry and Japanese fancy store. It communicated to the residence adjoining on the west. The washhouse suddenly collapsed, burying a number of firemen. John Wilkinson, a fireman, was killed. Three others are believed to be fatally injured. It is supposed that several Chinamen are in the ruins.

MORE IDLE HANDS.

New York Strikers Determine to Stand Out.

The Knights to Aid Them by Calling Out Many More Men.

The Strike to Include All the Brewery Employes.

The Leaders of the Movement Declare That They Have Been Deceived by Talk of Arbitration, and That Now They Will Fight it Out.

By Telegraph to The Times.

NEW YORK, Feb. 10.—[By the Associated Press.] Along the river front today there was no indication that any difficulty exists between the 'longshoremen and railroad and steamship lines. At the railroad piers the loading of cars on floats was being carried on with regularity, and at the piers of the coastwise and southern port steamship companies all evidences of the recent struggle were obliterated.

THE STRIKERS AROUSED.

The Evening News's extra says: "District Assembly No. 49 put on an additional coat of war paint at its conference early this morning and ordered out everybody in the beer, ale and porter breweries in this city, Yonkers, Jersey City, Brooklyn, Staten Island, Newark and Paterson, as well as the members of the Association of Stationary Engineers employed in different factories within its jurisdiction. The order is to go into effect tomorrow, and it is estimated that the number of men who will stop work in the breweries alone will amount to 12,000. The number of those who will be thrown out by the strike of the engineers will run far into the thousands. No exact general estimate can be formed at present, but it is certain that if they do quit a majority of the big factories will have to close down. District Assembly No 49 claims that on the strength of assurances that arrangements were being made for arbitration of the coal troubles, it rested on its oars and lost some ground. Now it intends to regain that ground, and get some more members. No. 49's Executive Board say they have positive information that some of the coal companies are pressed for loans by national banks, and they believe that with the arrangements they are making in connection with the stopping of work of employés of breweries and the engineers, the demand for coal will grow so limited that the coal companies will be glad to come to terms. The ostensible reason for these strikes is that the breweries and other manufactories are using 'scab' coal.

WILL RENEW THE BATTLE.

"To a reporter, a high official of No. 49 said this evening: 'You can say that all the stories that the strike was on the point of disrupting and coming to an end have been made through a misunderstanding manufactured out of whole cloth. District No. 49 had simply ceased from pushing matters further on the idea that the coal companies were about to have all the differences settled by arbitration. We have been undecided on that point, and now we intend to renew the battle with a vengeance. Nor will the extension of the strike stop with the measures to be carried out tomorrow. If necessary, we shall call out our men in other lines. District No. 49 is now determined to fight the battle to the bitter end, and instead of meeting defeat we are more than ever confident of achieving success.' He added that the settlement with the Reading road had not yet been sanctioned by District No. 49, and it was doubtless made with the understanding that Corbin was to get other companies to come to the same terms. He said it remained to be seen whether Corbin was acting in good faith, and added that if he were not, the Reading men will stop work when called in.

THE STRIKERS MORE CHEERFUL.

"The news flew along the piers and wharves. The strikers visible were unusually numerous and much more cheerful than they had been for some days. James E. Quinn, master workman of District Assembly No. 49, and Victor Drury went to Boston last night. They are to confer with District Assembly 30, of Massachusetts, in relation to the strike. The Knights in Massachusetts may be called out wherever "scab" coal is used."

TROUBLE ON THE READING.

PHILADELPHIA, Feb. 10.—The Record will tomorrow say: "It was stated last evening by several employés of the Philadelphia and Reading Railroad that a strike of men all along the line was likely to take place this evening. It had been thought that the troubles at this end of the line had been definitely settled at Tuesday's conference of the company's officials and the employés' committee. The agreement, however, has created a great deal of dissatisfaction among the men, and has been ratified by but one of the local assemblies. The men claim that they have numerous grievances of their own besides their sympathy with the strikers at Jersey City, and intend to press them to a settlement."

RUMORS.

NEW YORK, Feb. 10.—The Sub-Committee of the Executive Board of District Assembly No 49 has been in session all the evening, it is believed, considering the advisability of extending the present strike to the brewers' employés and stationary engineers.

NEW YORK, Feb. 11—2 a.m.—A member of the Executive Board of District Assembly No. 49 at 1 a.m. said that the brewers of this city and vicinity would go out on a strike tomorrow. Members of the executive board, however, said the number of brewers was greatly exaggerated.

"Will the eccentric engineers also go out?" was asked.

"As far as I can understand the engineers will also go out, for they will not handle 'scab' coal."

Burns's Night.

The Caledonian Club will give a very attractive entertainment at Mott Hall, this evening, in honor of the birthday of the sweet Scotch poet, Robert Burns. The anniversary of his birth has passed by a few days, but the club will more than make up tonight for the postponement. The programme, which will be found among the amusement "ads." on the first page, embraces much of the most popular talent in the city.

The German Moody.

Herr F. M. Von Schluembach, who, once the leader of an infidel club, has come to be a powerful evangelist, will address the Young Men's Christian Association Gospel meeting, for young men only, at the First Congregational Church, next Sunday afternoon, at 4 o'clock. Music led by orchestra and male quartette. All young men are invited.

Don't Make a Mistake,

But go and look at the Mondonville tract before you purchase elsewhere. Pure air and water, 40,000 vines and trees. Perfect title. Monthly payments without interest.

Renton.

The Renton, 712 Sutter street, San Francisco. First-class private family hotel. Location healthful and convenient. Mrs. Truesdell, proprietor.

BUSINESS TOPICS.

New Lithographing Establishment.

The undersigned beg leave to inform bankers, merchants, grocers, and the public of Southern California in general, that they are about to start a lithographic-printing establishment in Los Angeles on or before March 1, 1887. We have purchased the latest improved machinery and have all the facilities for a fully equipped establishment that will enable us to execute all classes of lithographic work in first-class style at reasonable rates and in proper time. We have engaged one of the leading artists of the renowned firm of Forbes & Co., of Boston. Theo. A. Schmidt, a member of the above firm, has been for the past four years head designer and engraver of the Schmidt Label and Lithograph Company of San Francisco. For parties wishing or needing lithographic work the above artists are sufficient guarantee that they will receive work that cannot be equaled on this coast, and as good as that turned out of any Eastern establishment, thus saving freight. Parties will find it to their advantage at the same time patronizing a home industry, to reserve all their orders and work for Theo. Bessing, a member of the firm, and formerly manager of the Merchants' Lithograph Company, of Kansas City, who will shortly call upon you. Respectfully,

LOS ANGELES LITHOGRAPHIC COMPANY.

Fresno County's Exhibit.

Visitors, health-seekers and home-seekers are invited to visit the rooms of the Fresno County Board of Trade, at No. 312 North Main street, to see the display of Fresno county products, and to learn of the inducements offered to those seeking homes. Especially are those invited who want a good California home, in a good climate, in a productive, healthy country, cheap.

Marble, Sandstone and Black Granite.

The Tehachipe Building Stone Company are now prepared to fill orders of any dimensions at short notice, to stone-cutters, contractors and builders, for their fine-grade gray marble, brown, yellow, green and white standstone and black granite from their quarries at Tehachipe. Samples at office, 12 Court street. Postoffice Box 1338. ROBERT A. LEWIS, Secretary.

Real-estate Investors

Should remember that T. Wiesendanger and W. H. Bonsall have moved into their new offices in the Bryson block. Consult them about choice bargains in real estate or shares in syndicates and incorporations controlling the same.

A few of the choicest lots are still left at Puente. You can buy full-sized lots, nice and level, with grand view, at $75 each and upwards. The company has decided to advance all unsold lots 50 per cent. in a few days. Now is your chance to get big bargains before the advance.

Eastern Visitors

Are cordially invited to call at the cosy rooms of the Riverside Agency, 239 North Main street, where they will find an exhibit of fine fruit it will interest them to examine.

Scott's new Hotel Arcadia—the most attractive hotel in Southern California; only 100 feet from the ocean; 120 rooms. Take a look at it before engaging rooms elsewhere for the winter.

The Jefferson-street Tract.

A few lots unsold. For maps apply to Southern California Land Company, Baker block. Carriages at 9:30 and 1:30 o'clock to the tract.

Free Ride

To Mondonville daily at 10 a.m. and 2 p.m. Fine carriage, elegant team. Call at office, room 1, upstairs, Postoffice building.

Better than gold dollars—lots in the thriving town of Puente. Watch for a big advance soon. Big improvements going on, several brick blocks, etc.

A $900 lot will be given away at owners' positive auction sale of Alcantara Grove lots, at 2 o'clock. Free ride from 30 South Spring street.

Notary Public and Commissioner

For New York State and Arizona Territory. G. A. Dobinson, 42 North Spring street.

Hotel Arcadia has elevator, steam-heat in halls, gas, electric bells—all modern improvements.

Free ride and a $900 lot thrown in at the auction sale of Alcantara Grove at 2 o'clock today.

Owners' positive auction sale of lots in Alcantara Grove today at 2 o'clock.

Hotel Arcadia, Santa Monica—The daisy hotel of the coast.

Robes and horse-blankets at Foy's saddlery.

Napa Soda, the prince of table waters.

Unclassified.

WILL RESUME IMMEDIATELY.

The burning of my printing office Wednesday night resulted in almost a total loss; but, fortunately, I was fully insured. I have made arrangements with other printing offices to do my work until I can get on my new machinery and material. I shall resume in about a week in a new office. In the meantime, send in your orders to the old stand and we will get out your work. H. H. TEMPLETON, Successor to J. D. Gilchrist.

WOMAN'S EXCHANGE,
—OF THE—
FLOWER FESTIVAL SOCIETY,

Will open its rooms in the new Home, on FOURTH ST., near Main, on the 1st of March. The Exchange will receive and put on sale everything that a woman can make well, for which there is a market. All women desiring to avail themselves of the superior advantages offered by this Exchange, or any persons interested in the cause, are invited to send for the Announcement and Rules for Depositors to he business manager,

MRS. C. B. WHEELER, Woman's Home, on Fourth st., near Main.

SOMETHING TO SUIT YOU.

Choice new 5-room house, pantries, bath, grate, etc.; all newly furnished. Large lot, cement walks, barn; good horse, buggy and plenty of feed. All for $3000; part time, if wanted. Immediate possession given. House alone, if desired. See this. Clean side of street, healthy and convenient location. Property that will advance, and house would rent for $30. Apply at No. 4 Hamilton street, East Los Angeles. Hoff-street cars.

STOVE REPAIRS.

MONDONVILLE

This Beautiful Tract,

BET. WASHINGTON & ADAMS STS.,

HAS JUST BEEN SUBDIVIDED INTO

284 Splendid Residence Lots!

—LOCATED IN THE—

SOUTHWESTERN SUBURBS!

On a plateau overlooking the surroundin country in every direction. It possesses the advantages of a pure and light air, constantly refreshed by a healthful and INVIGORATING SEA-BREEZE.

MONDONVILLE!

Is today the center of the most promising locality, as the majority of the fashionable and successful tracts sold lately have been in this direction.

The electric and a cable road, together with the two-horse car line, are rapidly stretching out in this direction, which is the main highway to Santa Monica and the new Harbor at Ballona.

Forty thousand vines and fruit trees are on this tract. Streets are lined with ornamental and shade trees.

WATER

Will be Piped in Front of Each Lot.

THREE LOTS RESERVED

For Public School and Church.

TITLE ABSOLUTELY PERFECT.

Price of Lots, $275 each, on easy payments, viz: $50 and $20 per month, WITHOUT INTEREST.

An elegant three-seated wagon leaves the office daily at 10 a.m. and 2 p.m. In addition to this, a conveyance will meet visitors at the terminus of the electric railroad.

For free ride, maps and information apply to

C. MONDON,

Rooms 1 & 4 (upstairs), P. O. Building.

SPRING STREET.

Excursion.

THIRD GRAND EXCURSION!

—TO THE FAMOUS—

Santa Clara Valley!

LAND-SEEKERS AND TOURISTS

SHOULD SEE THIS LAND OF VERDURE AND PERPETUAL SUMMER before locating elsewhere. Trains leave Los Angeles via Southern Pacific Company's Central California route at 7:30 p.m., THURSDAY, FEBRUARY 17th. Excursion tickets (good only on this train and date), for SAN JOSE and the FAR-FAMED SANTA CLARA VALLEY, at ONE PRICE FOR THE ROUND TRIP! Purchasers will receive rebate, $6.45, making the fare $15. Tickets good on any regular train for return on or before February 28, 1887. This will give all an opportunity to attend the GRAND CENTRAL CALIFORNIA CITRUS FAIR, which opened at SAN JOSE on the 7th inst. Also an opportunity to visit the world-renowned Lick Observatory, Santa Cruz Mountain Big Trees, and all points of interest in the Santa Clara Valley, so properly named by Bayard Taylor, "THE GARDEN OF THE WORLD."

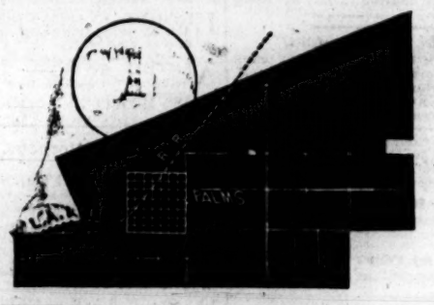
Ample sleeping-car accommodations can be secured in advance. For further particulars call on or address,

E. R. MERRIMAN, Manager Los Angeles Agency,
404 MAIN STREET, PICO HOUSE CORNER.

CAPT. DAVID POWELL, the well-known excursionist, will accompany the excursion.

☞Tickets now on sale at 202 Main Street, Los Angeles.

Real Estate.



THE PALMS.

Ten Miles West of Los Angeles,
Five Miles East of Santa Monica.
No Cold Winters. No Hot Summers.

THE PALMS IS ON THE SANTA MONICA BRANCH OF THE SOUTHERN PACIFIC Railroad, has four daily trains, and is only ten minutes' ride by rail and thirty minutes by wagon road to the most popular seaside resort on the southern coast.

THE PALMS has the most even temperature summer and winter of any part of Southern California.

THE SOIL is a sandy sediment and loam of great depth, and is the natural home of the fig olive, lemon, lime, apricot and that class of fruit that brings the largest profit in the local market.

PURE WATER is taken from gravel beds from 30 to 100 feet in depth, and is forced into a cement reservoir of 150,000 gallons capacity, which is covered by a roof to keep the water pure and cool for domestic purposes.

—NO SALOONS AT THE PALMS.—

Deeds contain a forfeiture clause prohibiting the sale of spirituous liquors. Size of town lots are 50x150 to a 20-foot alley. Villa lots from 5 to 10 acres each. Trees will be set out in the parks and on each side of every street.

Parties from Los Angeles can take the 9:30 a.m. train at the Commercial-street depot and return on the afternoon train, which leaves THE PALMS at 3:15 p.m.

A Combination of Equal Advantages Challenged in any Part of the World.

LOS ANGELES OFFICE, 25 TEMPLE STREET.

CURTIS & SWEETSER.

OUR NEIGHBORS.

Compton.

ANOTHER EPISTLE FROM "N. O. BOOM."

COMPTON, Feb. 10.—[Correspondence of THE TIMES.] It is out of place to speak of "swamps" in Southern California. Every old Californian knows there is no such a thing here. The nearest approach to it is on the Colorado desert, over 200 feet below the sea level, and if we cannot gladden the eyes of tourists with a reminder of Eastern scenery there, they ought to look for swamps on the sidehills and sloping plains of Los Angeles county. Then when we speak of moist lands do not confound them with the swails and marshes east of the Mississippi.

There are many localities in Southern California where the moisture naturally rises to or near the surface. Good wells are obtained by digging six to ten feet. There is no seepage or ooze to the surface, save in occasional springs. The drainage is nearly always good, and the surplus water by rains very soon passes away and the only appearance of a "swamp" is in the rank growth of vegetation the year round. Pretty generally flowing artesian water is obtained on these lands by boring from 80 to 300 feet, always through earth, never reaching the bed rock. There is no standing or stagnant water, and the country is as free of malaria as the ocean itself.

Compton is situated at the base of what I will call the San Pedro peninsula, about equidistant from the ocean on the south and west, a mean of eight miles. We receive the sea-breeze from one-half of the circle, every day sweeping out our foul air, if we have any, and piling it up against the mountains, and that our air is pure and sweet and health-giving is evidenced by the high state of health of those towns on the foothills and mountain sides. Undoubtedly our alkali and salt prevent the germination of malaria, and are also disinfectants, and Compton, Downey, Norwalk, Artesia and Westminster aid old ocean in sending restoratives to the invalids in the sanitariums perched on the high lands by the mountain's base.

Then you of the Sierra Madre Villa and of the Raymond, when you feel the bloom and vigor of health returning, can look with deeper interest over the beautiful broad plain between you and the sea and realize how all here, air and vapors, sea and land, wind and sunshine and scenery grand and lovely have united to bring you back to life and usefulness and happiness.

How beautifully blended is *all* our scenery and how solidly united is our usefulness, and how wedded are all our interests. The people of Los Angeles county are as much one as the grand picture around them. Would you blot out Old Baldy? Would you obliterate the lights and shades of Sierra Madre's ridged and rocky sides? Would you efface the hills and valleys and wipe out the plains and brush away Old Ocean? So stand we all, each to the other giving and receiving and Compton reaches out her hand to her neighbors, without jealousy helping them to wealth, health and happiness.

The rain that is pouring down now will require extra exertions to keep back the boom. N. O. BOOM.

Orange.

THE RAIN—MATTERS OF GROWTH.

ORANGE, Feb. 10.—[Correspondence of THE TIMES.] Over two inches of water has fallen and there are signs of more, though at present the sun shines out warm and bright.

Citizens from Kansas continue to arrive, the majority of whom are destined for Modena, and usually find homes in and about that place.

Prof. Houghton, on account of illness, has left his position as principal of the Orange school and gone north. Prof. W. B. Warren is now in charge.

Some McPherson ladies have a Chatanqua Literary Circle, and they have thus far carried out the course of studies as laid down at headquarters.

For the better protection of tools and ditch implements in general the water company has built a seven-foot high board fence around their town-lot on which the office stands.

To prevent breaks, which are liable to result from overflowing ditches, the water, during the rain, was turned off, and allowed to run in its natural channel, the Santa Ana River.

Mountainview district is filling up rapidly, and the present prospect is that very soon every acre of land will be brought under cultivation, either for vines or agriculture.

The same neighborhood will probably at an early date organize a Methodist society, and Mr. Williams, a citizen there, has already set off one acre of land to be used as a site for a church building. A.

Long Beach.

RELIGIOUS AND WORLDLY MATTERS.

LONG BEACH, Feb. 11.—[Correspondence of THE TIMES.] A Sunday school has been organized at the Cerritos school house. Sunday school will be held every Sunday afternoon at 3 o'clock. Services will be held once a month at 4 o'clock, immediately after Sunday school by Rev. Mr. Waddell.

All the indications are that the rainy season has set in, at least we hope so, as it will be quite a treat to see the mother earth green once again.

The talk is that Mr. Parris is going to erect a building on his place for a postoffice and grocery. We hope this is true. Lucky will be the one who does start one here for his future will be bright, for we stand greatly in need of a postoffice and grocery, as the citizens of the Willows have quite a distance to go for their mail.

The Adventists have commenced a series of meetings in the skating rink at Long Beach.

Mrs. Dr. Wells, Woman Specialist,

The first lady licentiate of Kentucky, many years of successful practice in prolapsus uteri, ulceration, leucorrhœa, ovarian diseases, irregularities—relief and radical change felt from the first treatment. No. 341 S. Spring st.

FRUIT AND GRAZING LANDS

IN SAN LUIS OBISPO CO.

FOR SALE.

Two thousand acres, eight miles east of "Paso Robles Springs" and seven miles from railroad. About 400 acres is bottom, the balance rolling land. The soil is deep and rich. No irrigation is necessary; the rainfall is sufficient. No better climate in the State; is twenty miles from sea-coast; is free from the cold fogs and bleak winds that prevail near the coast, and is free from the intense heat of the interior valleys. The land is covered with bunch grass, clover and alfileria, the most nutritious of all native grasses. The land is especially adapted to fruit growing and grazing, the best two branches of farming in California. The "Huer Huero" creek passes through the center of the land, in which there is running water the year round. There are also two springs of as pure water as can be found, separated about a mile from each other. On the bottom land there is an ever-growing supply of willow trees. Oak trees are in abundance all over the place. At two dollars per cord there is at least $10,000 worth of wood on the land. Price, $15 per acre; $15,000 cash, balance on time.

AMOS ADAMS,
110 Ninth st., San Francisco.

L. H. WHITSON. JOHN W. FRANCIS.

ALAMITOS BEACH TOWNSITE.

This new seaside resort is located on the Pacific Ocean 22 miles south of Los Angeles and midway between the port of San Pedro and Anaheim landing. Alamitos joins Long Beach on the east and has 10 miles of streets which are to be neatly graded and lined with trees, and will be abundantly supplied with pure artesian water. An extra quality of pipe clay has been discovered on the townsite, which is now being molded into pipe that is to conduct the water over the town. Three munnred thousand brick are burned and will soon be used to construct a vast reservoir.

The facilities for hunting, fishing and boating are abundantly supplied by the New River and its broad estuaries.

The elevation of Alamitos Beach gives a commanding view of the ocean, islands, mountains, harbors and towns, together with its beach, which is unrivaled for its bathing and driving facilities, secures it forever a place in the forefront of seaside resorts. Write for agency and maps to

G. W. ELWOOD, Agent,
Long Beach, Cal.

Two fine building lots on Court st., near in, each..... 300
No. 1019—Five acres on Boyle Heights, only..... 6500
No. 1016—Ten lots in the Judson tract, at from $1000 to $1500 per lot.
No. 608—Fine ranch, near city, 107 acres, all level land, fine soil, small orchard; house of 6 rooms, good well, windmill and tank, barn, corrall, shade trees, etc., a bargain for a few days only, per acre..... 55
One hundred acres very choice foothill land, free from frost; desirable for raising winter vegetables; requiring no irrigation; the finest land in the State; improvements; will divide it; 2 miles from city limits; on payments; per acre..... 300

This land is susceptible of a high state of cultivation; will produce from two to four crops per annum, owing to the variety planted, such as melons, potatoes, tomatoes, peppers, peas, beans, cabbages, etc.; $100 per acre net profit is but a fair estimate on each crop; this sum was realized per acre the present season from this winter vegetable land; winter tomatoes will yield much more than $100 per acre net, and melons and potatoes will average that amount; we plant tomatoes in August, potatoes in October, November and January, and then follow with melons, on the same ground, which will bring a return of $100 per acre net, without one drop of water; this soil will remain moist the entire year by proper cultivation; ten acres will make a man wealthy in a few years if properly cultivated; must be seen and investigated to be appreciated.

Part of the above tract has recently been sold to parties who will at once erect residences thereon.

Twenty acres on Pico st., at terminus of the electric railroad; suitable to subdivide into lots; for sale at a bargain.

Twenty-three acres near Ellis Villa College; beautiful and elevated; very desirable to subdivide into city lots; the best bargain in Los Angeles; for sale, cheap.

Those fine University lots 65x130 ft., fine soil, very desirable location, having the new University of Southern California, church, store, postoffice, two lines of street cars completed and another line soon to be built; splendid residence, excellent society and the finest drive in the city, at the very low price of $500 to $600 per lot; terms easy; if you see these lots you will purchase them.

Nob Hill lots, none more desirable, selling rapidly, centrally located, fine view, near cable cars, from $300 to $500 per lot.

A few fine building lots on Grand ave.

We have a very large list of very desirable property of all varieties, as cheap as any in Los Angeles. Give us a call before purchasing. We will gladly show you what we have for sale, and we will not knowingly misrepresent to any one. If you have desirable property for sale at a fair price, leave it with us. We are selling more property now than ever before. We are not retiring, nor are we tiring. We keep our office open and warm evenings for the accommodation of working men and strangers, and to all who will give us a call we say, welcome. H. H. WILCOX,
24 N. Spring st.

PIEDMONT HEIGHTS.

Piedmont is situated at Sierra Madre, 16 miles northeast of Los Angeles, about 1¼ miles north of Santa Anita Station, on the L.A. & S.G.V.R.R.; and, as its name indicates, is at the foot of the mountains. It is a gently sloping ridge, facing the south, about 20 rods in width, and has the

MOST EVEN-TEMPERED CLIMATE IN SOUTHERN CALIFORNIA.

There are 5° to 8° difference here in less than 10 rods. This is not owing to the altitude, but to the conformation of the mountain north of it. Persons with tender throats or weak lungs can here, to a great degree, escape the damp and chilly nights of the valley below and draughts of mountain cañons east and west.

These FACTS can be fully demonstrated by any one spending a night or two here during the cool season.

Sierra Madre has

LESS FROSTS, FOGS, MUD OR WIND STORMS

than any other place I know of. The view from Piedmont is as fine as one could wish for.

This place is above the Sierra Madre water system, and has an independent water right of its own, and will supply each resident lot with three times the water of any other lands in this vicinity.

There are only about 15 of these choice lots on the market, and happy will be the individual who gets one.

For particulars inquire of the owner on the premises.

There is a hotel on adjoining lot.

Address,
A. D. TRUSSELL,
Sierra Madre, Cal.
January 17, 1887.

WANTED.

50,000 ORANGE TREES,

In exchange for lots at Garvanzo.

Apply to
RALPH ROGERS,
134 North Main street.

All new, and everything complete; baths, closets and pantry. In Boyle Heights, near Brooklyn ave

PRICE, $3000—ONE-HALF CASH.

GILBERT & ESTUDILLO,
104 N. Spring st.

FOR SALE.

—BY—

RUDDY, BURNS & SMITH.

Four lots, cor. Orange st. and Vernon ave., $4000.

Lot in the Truman tract, near Ninth st., $800.

125 houses in all parts of the city, at prices varying to suit all.

Land on Boyle Heights at $500 to $2000 per acre.

Building lots in all parts of the city.

FOR SALE,

THE BONNIE HIGHLAND FRUIT RANCH AT DUARTE,

Containing 20 acres, together with 20 shares water; the trees are large and of the improved varieties; it will pay a large per cent. on the investment; large oak trees about the house and yard; this is one of the choice homes at the foothills, a very healthful and central location, opposite the postoffice; convenient to depot; soil rich and easy to handle; the orange crop now nearly ready for market; can give immediate possession. Address the owner, GEO. W. STIMSON, Pasadena.

Real Estate.

IVANHOE

700 ACRES

DIVIDED INTO ONLY

1400 LOTS.

Price of Lots, $150 Each. First Payment, $20.

Succeeding Payments $10 Monthly, Without Interest.

The entire tract is beautifully situated, with a charming view, pure air and water and perfect drainage. The Ostrich Farm Dummy Railroad runs through the tract, with a five-cent fare guaranteed to and from the center of the city. This road will be completed to the tract July 1, 1887 Pure and abundant water piped through all the streets.

Size of lots, 50x150 feet up to 5 acres. The average size of lots, half an acre. The uniform price of these lots is placed at $150; first payment $20 cash, with succeeding payments of $10 per month, without interest. This is a splendid investment for a very small amount of money.

When $100 has been paid on each lot, the entire number of lots will be distributed among the purchasers, on the same plan as that on which the Childs tract was distributed.

This tract is situated upon the hills, which are rapidly becoming the most desirable residence portion of the city. The soil is a warm, sandy loam, free from frost, being in what is known as the warm belt. The elevation is such that the temperature is more even than in the city.

Free carriage to the tract every day from the office of the agents. Maps and circulars and all information can be had from

THE SAN JACINTO VALLEY,

Is eighty-five miles east of Los Angeles, twelve miles south of Beaumont (formerly San Gorgonio), on the S. P. R. R., sixteen miles east of Perris, on the C. S. R. R., and daily stages to and from these points; climate genial and dry—being fifty miles from the coast. Throat, lung, asthama and catarrh troubles are benefited, and many chronic cases are permanently cured. Productive land ranging in price from $15 to $100 per acre, for fruit, agriculture, grazing, etc. Alfalfa cut five to seven times a year there. The orange, lemon, fig, apricot, peach, grapes and other kinds of fruit grown in Southern California are produced here.

2000 ACRES OF HEAVY TIMBER FOR FUEL,

Which is sold from $1 to $3 a cord. An abundant supply of pine, cedar, spruce, oak, etc., on the adjacent mountains. Two saw-mills (capacity 20,000 feet daily); 1 planing-mill; 1 fruit box factory; 2 brick yards (2,500,000 burnt and laid up here in two years), price per thousand last season, $6 and $7. First-class limestone in an unlimited quantity.

EIGHTY-TWO ARTESIAN WELLS,

One of which flows 1,000,000 gallons ever twenty-four hours. River water is being conveyed in iron pipes to a 3000-acre tract of mesa land, suitable for most all semi-tropical fruits.

TWO HOT SPRINGS,

The curative properties of which are famous, and the baths are free to everybody.

A RAILROAD COMPANY HAS BEEN INCORPORATED

To build a railroad to San Jacinto, and a large subsidy has already been contributed, and it is certain the railroad will be in operation in a few months.

Artesian water is conducted through the streets in iron pipes, and into second stories of buildings.

A $12,000 BRICK SCHOOLHOUSE,

Graded schools, churches, brick blocks. This place has made, as we believe, the greatest growth of any place in Southern California, and has made the most improvements of any new colony in California in the last three years. Its altitude is 1400 feet above the sea. The population in 1883 was fifty persons, and in 1886 is about twelve hundred. No other valley in Southern California has so many advantages. Come and see for yourself and be convinced of this fact.

BUSINESS.

OFFICE OF THE TIMES,
LOS ANGELES, Thursday, Feb. 10.

The effect of the recent rains was manifested in the Grain market today by increased weakness and a further decline in the prices of Wheat and Barley.

The Mark Lane Express, in its last review of the English Grain trade, has the following:

"The condition of the English Wheat offered has shown no improvement, and as a result there have been slow sales and lower values, both in London and the provinces. The sales of English Wheat during the week were 44,300 quarters at 34s. 3d., against 67,437 quarters at 30s. 9d. during the corresponding period last year. It is estimated that the deliveries of English Wheat from the beginning of the cereal year 1886-87 has been 18 per cent. under those for the same period in 1885-86. Trade in foreign Wheat is stagnant. The arrivals have been heavy, and stocks are increasing at Liverpool, Bristol and London. Australian shipments are commencing, and the new crop of the Argentine Republic, Chili and India will be soon on the way here; therefore, if peace is maintained, there will be no change for higher values. Flour is dull at unchanged prices. Corn has hardened, and prices have advanced 3d."

The following is the latest from the Chicago markets for California Fruits:

SAN FRANCISCO, Feb. 10.—The Bulletin's Chicago special says: "There is a plentiful supply of Oranges in the market, which is easy. The changeable weather experienced for some time past is somewhat against trade, although the demand is good and trade fair. California bright Riversides sold at $3.25@2.75 and Navels at $3.50@5.50. So far as was observable a steady, firm feeling prevaded the Dried Fruit market, and the full former prices prevailed for all lines. There was also reported a moderate trade, but light offerings prevented any activity. Apples are about the only kind of fruit of which any consignment lots are on sale and these meet with a very fair demand, either sun dried or evaporated. There are no arrivals to speak of, and as has been previously stated two or three parties have control of the stock. California varieties rule about steady, with no apparent change in prices, at the following prices per pound: Prunes, French, 8½@11½c.; Plums, pitted, 11@13c.; Peaches, halved, 12@14c.; halved and pared, 20@21c.; Figs, 6@8c.; Nectarines, 9c.; Pears, 8@12c.; Raisin, London layers, 20-pound boxes, per box, $1.45@1.50, Loose Muscatel, per box, $1.30@1.35."

Stocks and Bonds.

By Telegraph to The Times.

NEW YORK, Feb. 10.—Money on call easy, at 3@4, closing at 3½@4.

Government bonds and State bonds were dull and steady.

The general situation on stocks at present gives encouragement to the bulls, and members of different cliques were again active in their specialties. After a decidedly strong opening, in which advances over last evening's final figures ranged up to ¼ per cent., there was an active market, accompanied by considerable feverishness and irregularity, while the general drift of prices was downward, though a few special stocks made material advances. After the first hour there was an increase in the amount of business done, though prices showed a marked improvement, with but slight interruption, which lasted until 2 p.m., when the best figures of the day were reached. In the last hour realization sagged the market off slightly, but the close was steady, though at but slight changes from first prices.

Prime mercantile paper, 5@6.

Sterling exchange dull and steady, at $4.85¼ for 60 days, and $4.88¼ for demand.

TWO FRIENDS MEET.

"Hello! old fellow. What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

Horses Wanted for the U. S. Cavalry Service.

HEADQUARTERS DEPARTMENT OF ARIZONA. OFFICE OF THE CHIEF QUARTERMASTER, ARMY BUILDING, LOS ANGELES, CAL., Feb. 3, 1887.

NOTICE IS HEREBY GIVEN that a board of officers to inspect horses with a view to their purchase for the cavalry service will meet at Los Angeles, Cal., February 14, 1887, and will remain in session there until March 5, 1887. The number of horses required is one hundred and thirty-one, to be geldings of hardy colors, sound in all particulars, in good condition, well broken to the saddle, from fifteen to sixteen hands high, not less than five nor more than nine years old and suitable in every respect for the cavalry service; minimum weight, 950 pounds.

Persons having one or more horses of such description for sale, are requested to present them to the board of officers named, at the place and date designated, when they will be inspected in the order of presentation, and such as conform to the requirements will be purchased and paid for at once, if a satisfactory price can be agreed upon.

Further particulars can be obtained on application to Capt. J. W. Pullman, Assistant Quartermaster, U. S. Army, at Army Building, Los Angeles.

A. S. KIMBALL, Quartermaster, U. S. Army, Chief Quartermaster

Real Estate.

RAMONA!

The Greatest Attraction Yet Offered

IN THE WAY OF A DESIRABLE REAL ESTATE INVESTMENT, AND

FOR BEAUTIFUL VILLA HOMES!

—AS WELL AS FOR BUSINESS,—

Is the New Town of "Ramona."

MR. J. DEBARTH SHORB, President of the San Gabriel Valley Company, has subdivided and put upon the market five hundred acres of as choice land as there is in Southern California, situated on the Southern Pacific Railroad, south of and adjoining Shorb's Station. Only six miles from the city of Los Angeles and being the first station east. Six express trains daily. Location for healthfulness, climate, productiveness of soil and beautiful scenery is unsurpassed. It is well sheltered by the beautiful foothills surrounding it, is in full view of and only four miles from "The Raymond," the finest hotel in Southern California, and

Three Miles from South Pasadena.

The character of the soil is alluvial, very rich and easily cultivated. The rainfall is greater than many portions of the valley and the soil retains the moisture, and the growth of vegetation, trees and vines is wonderful. It is adapted to oranges and lemons,

BEING WELL SHELTERED AND FREE FROM FOG AND FROST.

Vineyards do exceedingly well, as has been demonstrated, as also all kinds of deciduous fruits. It adjoins the Alhambra tract, which is highly improved, as also the San Gabriel Wine Co.'s large vineyard, is very accessible to the city, and with greater railroad facilities, now under contemplation, cheap and rapid transit, one can attend to business in the city and at the same time have

A DELIGHTFUL, HEALTHFUL HOME.

The water is supplied from a private and undisputable source, and is of the purest quality. It will be piped through the principal streets of the town, so each and every one can have an ABUNDANT SUPPLY AT ALL TIMES.

It is the determination of the President of the company to place this property on the market at VERY ATTRACTIVE PRICES and on reasonable terms of payment, much less, considering its many advantages and surroundings, than any like property in the valley. The tract is subdivided into lots and blocks of all sizes, so any one can be suited, and those who desire to avail themselves of an opportunity for an INVESTMENT this is a splendid chance, and thos who select early will have a decided advantage as to location and prices.

For maps and full particulars call on or address

THE RAILROADS.

NEWS NOTES FROM ALL ALONG THE VARIOUS LINES.

The San Bernardino and Los Angeles Again Pushing On—Trains Running All Right to Santa Paula—Spikes.

Every one is contented in railroad circles, and the escape from serious washouts and detention of travel is matter of frequent felicitation. The new schedule on the Southern Pacific is working well, and the two trains each way daily are an appreciated convenience. Trains are now running regularly also to Santa Paula, and one can leave here at 9:15 a.m. and get back at 4:30 p.m.

The heavy rains have made the roadbed of the Southern Pacific in the Sespe region soft and troublesome, interfering with rapid time of trains to some extent, but there has so far been no serious trouble.

The most important point in the railroad situation is that the difficulties at Ontario, recently mentioned, have been overcome, and the San Bernardino and Los Angeles road has put its forces at work there again. The grading is now going on rapidly. There is nothing startling in the situation at Santa Ana. The Atchison, Topeka and Santa Fé forces are working away like beavers, and it is not improbable that the Southern Pacific will soon follow suit, as Chief Engineer Hood went down last night.

THE ONTARIO OUTLOOK.

The Ontario Record says: "The grade stakes for the Los Angeles and San Bernardino road are set along the line across Ontario given in last week's Record, and the grading will be completed through the colony in course of a week or so. The line is through lands of the Ontario Land Company most of the way; they give the right of way in consideration that the railroad company use the amount which they would have paid for improving the depot and grounds above what they had intended. This is a stipulation the excellent character of which the colony will appreciate, as it insures Ontario one of the finest depots on the line. The Southern Pacific is waking up, and there is good prospect of a new depot for Ontario. Plans for the building are drawn, and Vice-President Crocker has promised that work shall be begun at a very early day. We aren't going to crow much till we see the carpenters here, but it rather looks like business now."

ONE OF THE FORTY-ONE.

The San Diego Sun of the 9th says: "It is reported that the Southern Pacific Railroad surveyors are near Laguna looking for an outlet to San Diego. This is one of the "forty-one routes" considered feasible, mentioned by Col. A. B. Hotchkiss last Monday."

SANTA MONICA'S BOON.

The Outlook says: "The old roundhouse (it was square) has been demolished, and the timbers trapsported up to the point where the railroad company propose to construct a new building for the locomotive that will be more in harmony with the general beauty of the landscape."

FESTIVE TRAMPS.

The Chronicle says: "A carload of oranges shipped from Los Angeles for the East arrived at Sacramento on Saturday in a sad condition. Tramps had broken open the car en route, and after eating their fill of Mediterranean sweets and juicy navels, had opened a large number of boxes and played baseball with their contents. The railroad detectives are endeavoring to hunt up the despoilers of the car."

SPIKES.

H. B. Wilkins, general freight and passenger agent of the California Southern Railroad, is here.

An important circular to fruit growers, issued by the California Southern, will be found on an inside page.

Hon. J. F. Crank, president of the Los Angeles and San Gabriel Valley Railroad, was in the city yesterday.

Medical.

SPECIAL NOTICE

TO THE AFFLICTED.

DR. M. HILTON WILLIAMS

Continues to treat all the various diseases of the *Head, Throat and Chest*, including the *Eye, Ear* and *Heart*, by his new and complete system of *Medicated Inhalations*, combined with proper constitutional remedies for the *Stomach, Liver* and *Blood*, etc. Probably there has never been any system of practice so popular a one that has so completely revolutionized the system of medical practice as the Aerian or Inhalation System, for head, throat or lung affections. The cures effected are simply marvelous, and can be substantiated by the very best citizens of Los Angeles. During the past three years we have endeavored to be conscientious with our patients, and if, upon examination, we find, in our judgment, the case to be of an incurable nature, we unhesitatingly inform the patient or friends. We believe this system to be justifiable and are ready to condemn any physician who would, do otherwise.

Below we give a sample of the cures effected by us.

LOS ANGELES (Cal.), Sept. 24, 1886.

Dr. M. Hilton Williams—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill I could find, all without any permanent benefit, and, a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 29, 1884. I become very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MRS. J. D. WILEY,
821 Olive street, Los Angeles, Cal.

RIVERSIDE, Oct. 17, 1886.

To the many testimonials won by Dr. Williams it gives me pleasure to add my own to the list so highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough left me altogether and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received and shall ever be grateful to one who is worthy of the highest recommendation.

Miss MINNIE H. HARRIS, Riverside, Cal.

NEWHALL (Cal.), Sept. 22, 1886.

Dr. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am respectfully yours,

Miss ANNIE RICHARDS.

LOS ANGELES (Cal.), Dec. 4, 1886.

Dr. M. Hilton Williams—DEAR SIR: I desire to let every man, woman and child know that you were instrumental in saving my life from that foul destroyer, consumption. I came to Los Angeles from Quincy, Ill., on the 10th of June, 1886. The very next day I began treatment. I was at that time afflicted with a large cavity in the upper lobe of the right lung, from which I had suffered over seven years, but, thank God, you cured me in 16 weeks' time, and now I am as well and strong as ever. Tell it to all. Yours truly, JAMES JESSOP, Quincy, Ill.

P. S.—I go home tomorrow.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business what ever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

M. HILTON WILLIAMS, M.D.,
275 N. Main st., Los Angeles, Cal. Office hours from 9:00 a.m. to 4 p.m.

Real Estate.
